## M'ADOO CHARGES THAT DROP IN PRICES OF U. S. BONDS IS DUE TO PLOT

Says Influential New York  
Banks Seem to Be at  
Work.

Secretary of the Treasury  
Scents Effort to Kill  
Currency Bill.

Declares Proposed Law  
Enhances Worth of the  
Issues.

Washington, July 29.—Secretary McAdoo issued a statement last night flatly charging that the decline of government 2 per cent bonds was due to a new low record—was due "almost wholly to what appears to be a campaign, waged with every indication of concerted action on the part of a number of influential New York city banks, to cause apprehension and uneasiness about these bonds in order to help them in their efforts to defeat the currency bill."

Banks throughout the country own almost entirely \$300,000,000 of the 2 per cent bonds. Their market value yesterday was approximately \$200,000,000 less than when the banks bought them. Almost all the entire issue is used as security for national bank notes. At the present price, however, the discrepancy between the market value and the issues of notes against the bonds is covered by what is known as the 5 per cent redemption fund, deposited by the banks with the treasury to care for retirements of national bank notes.

At Par in Statements.  
Secretary McAdoo announced it was not his intention to require the banks to charge off the present depreciation below par, but that the banks might continue to put in the bonds at the statements to the controller of the currency, at least until some material change in conditions should compel the adoption of another course.

In his statement Secretary McAdoo (Continued on page 14, sixth column.)

## PLAYING CHILDREN FIND OVER \$4,000

Discover It in Chest Under  
Sidewalk at  
Peoria.

Peoria, Ill., July 29.—Children at play discovered a chest of gold containing over \$4,000 hidden in a sidewalk at the intersection of Adams and Birch, at 2604 South Adams street. The entire fortune was in \$5, \$10 and \$20 gold coins.

## OKLAHOMA BOOSTERS ARE DECLARED FAKES

Men Who Offered to Give  
Away Land Are  
Arrested.

Philadelphia, July 29.—W. F. Gorsuch of Baltimore, Md., and Victor Rauch of New York, who have been here several days with "the Oklahoma Booster car," have been arrested and held in \$500 bail each on a charge of false pretenses. The defendants declared themselves to have been the McAllister board of trade, and offered to give, with each lot bought, 100 acres in a government reservation soon to be opened along the Chockaw river.

## FIRE RISK WAR MAY BE ENDED

Missouri Officials and Com-  
panies' Representatives  
in Conference.

Answers to State's Quo  
Warranto Action Are  
Filed.

Jefferson City, Mo., July 29.—It is reported here that a settlement for the fire insurance controversy practically has been agreed upon, but nothing definite will be given out until the agreement is signed. Vice President Rumsey of an Eastern insurance company is conferring with Governor Major and Attorney General Barker.

Over one hundred fire insurance companies filed in the state supreme court today their answer to the quo warranto proceedings instituted by the attorney general. The companies denied that they had conspired to leave the state, and said their withdrawals were individual.

Deny any combination.  
The answers, of which more than twenty were filed, but all in substantially the same form, deny that the companies have conspired to leave the state, or to deny the people of (Continued on page 14, 7th column.)

## SENATOR BRYAN IS FIGHTING BURLESON

Florida Man Changes Tac-  
tics on Parcel Post  
Affairs.

Washington, July 29.—Abandoning the fight to annul Postmaster General Burleson's order for reduced parcel post rates and increased size of packages available after Aug. 15, Senator Bryan has begun a movement to prevent the postmaster general from making any other changes in the rates or sizes. The senate postoffice committee falls through his plan and post-office action until Wednesday.

## MAN FALLS THROUGH SKYLIGHT IN HOTEL.

Pittsburgh, Pa., July 29.—Guests at the Colonial Annex hotel were aroused early today by the crash of glass, and employees who hastened to the banquet room found the body of William Edwards, aged 40. He had fallen from a window seventy-five feet through a shaft and crashed through a skylight. Edwards was in business in Pittsburgh.

## NEW DEAL IS PLANNED IN THE WEATHER BUREAU SERVICE

Charles F. Marvin Is Picked  
to Succeed Willis  
Moore.

More Effort Will Be Spent  
to Help Agricultural  
Work.

Washington, July 29.—Prof. Charles F. Marvin has been selected for chief of the weather bureau to succeed Willis L. Moore, recently removed. Prof. Marvin is now chief of the instrument division. He was appointed to the old signal service in 1884 from Ohio. President Wilson sent his nomination to the senate today.

Prof. Marvin was born at Columbus, Ohio, and was educated in the public schools there and at Ohio State university. He came to Washington in 1884 and entered the government service in what was then known as the signal service, since renamed the weather bureau. He became head of the instrument division of the bureau in 1888, which position he since has held.

Will Work for Farmers.  
Under the new chief more attention will be paid to weather reports and forecasts as they affect or are likely to affect agriculture and general farming conditions throughout the country. Other changes are to be made in the bureau, but Secretary Houston was not ready to announce them.

Prof. Marvin is the inventor of many instruments used by the bureau. He has represented the department of agriculture at a number of important meteorological congresses, and he has written extensively on the subject of weather investigations. He has conducted experiments upon which are based the tables used by the weather bureau for determining the amount of moisture in the air. He has studied the measurement of wind velocity and pressure and also the use of kites for ascertaining meteorological conditions.

## INVITE WILSON ON RIVER TRIP.

Washington, July 29.—Senator Stone and a committee of officers of the Lakes-to-Gulf Deep Waterways association, at St. Louis, today invited President Wilson to attend and address the convention at Peoria, Ill., during the week of Oct. 12, and also to be the association's guest on a river trip from St. Louis to Peoria. The president said he would consider the invitation.

Strikers in Copper Country  
Are Not Returning to  
Work.

Calumet, Mich., July 29.—More mine pumps started today pulling water out of shafts closed by the copper miners' strike, with state troops guarding the ore deposits and the knowledge that when the corporation most affected by the strike attempted to resume it would begin its activities at those shafts.

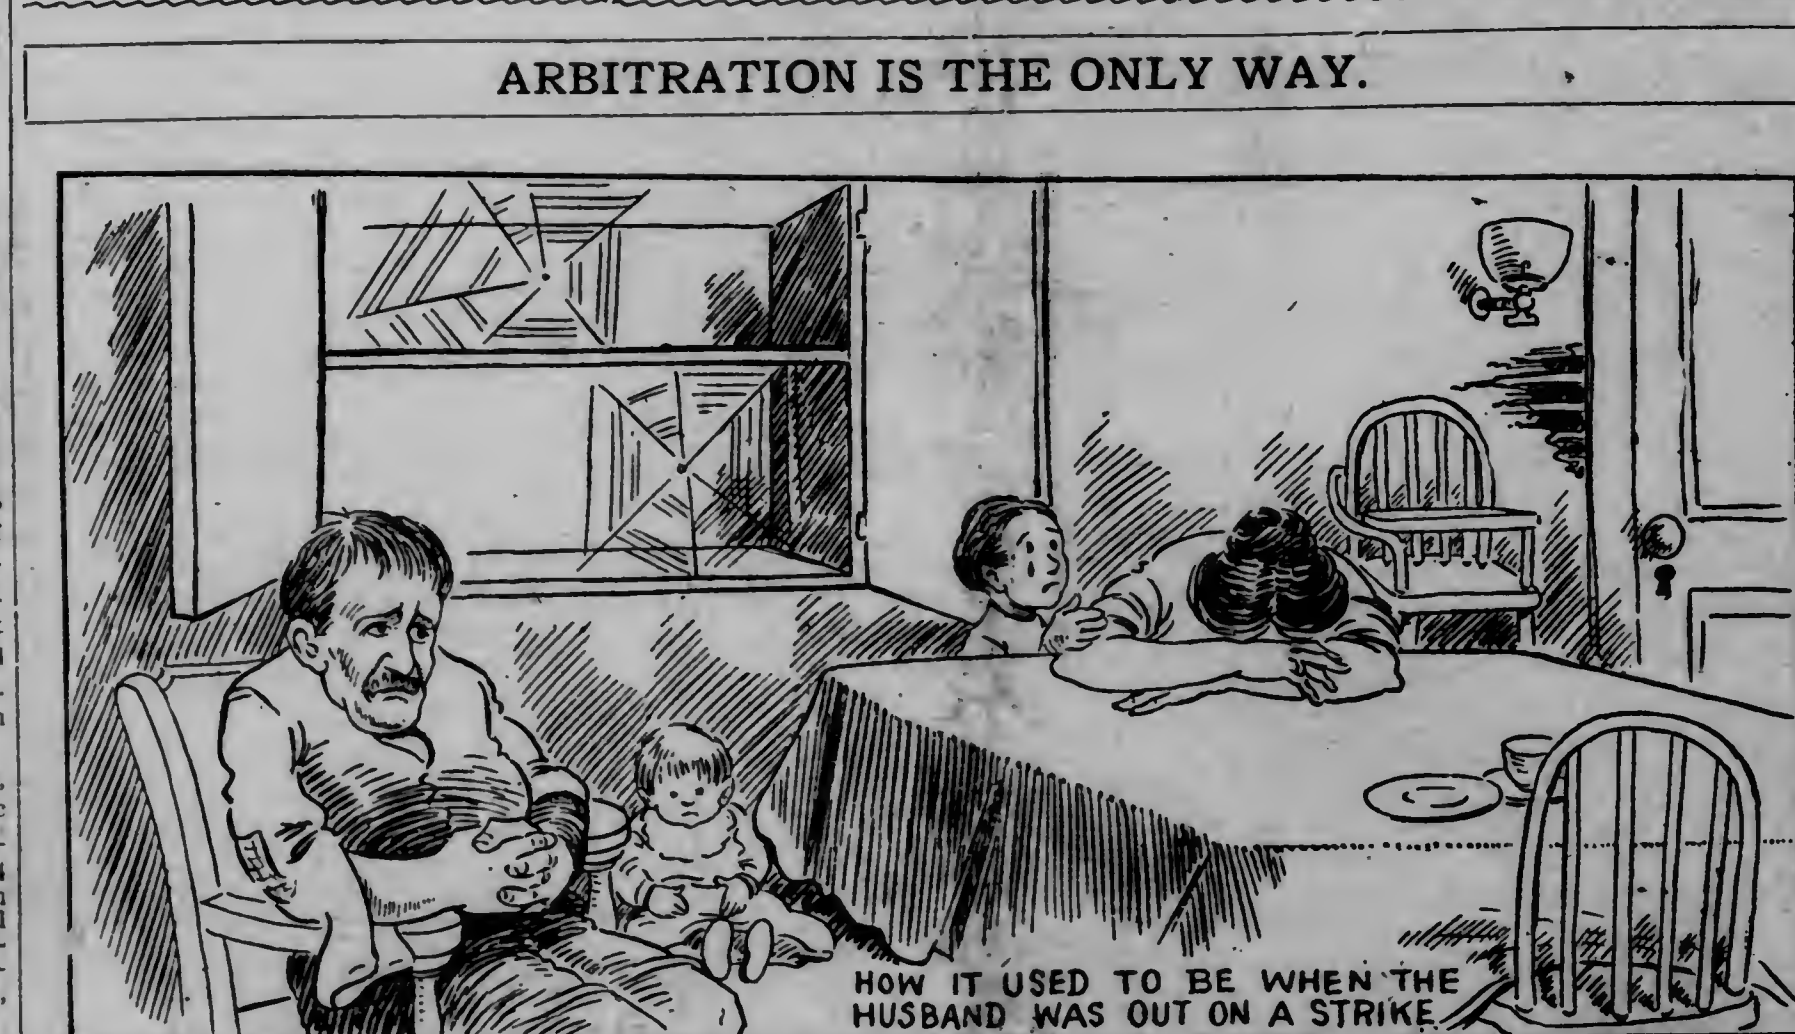

The work started early last night, when men were sent into the shaft houses under cover of darkness. By daylight they had the machinery ready (Continued on page 4, fifth column.)

## Y. W. G. A. GIRLS KICK ON WEARING SKIRTS

Must Abandon Bloomers  
or Leave Camp Near  
La Crosse.

La Crosse, Wis., July 29.—Bloomers which twenty-five girls in the Young Women's Christian association camp at Riverview, just north of here, have worn as their preferred camp attire, have been ordered suppressed by the matron, Miss Bertha Koefke. Because of the constantly passing stream of motorists and steamers this dress is declared immodest, and the girls are ordered to wear skirts. The young women, who find the bloomers more convenient than skirts for hill climbing and rambling through the wet grass and bushes, are in revolt against the order, but have been told they will have to wear skirts or leave the camp.

## ARBITRATION IS THE ONLY WAY.

## BOY VICTIM OF BRUTAL CRIME

Chicago Police Think He  
Was Tortured and  
Murdered.

Body of Bernie Holstein  
Found in Bushes in  
Suburb.

Chicago, July 29.—The body of 14-year-old Bernie Holstein was found under a clump of bushes in Morgan park with a bullet hole in the head. The police believe the boy was murdered after having been tortured. The body was lying face downward, the hands tied behind the boy's back with his shirt, and his legs tied with his suspenders. A few feet away were a dozen beer bottles and two newspapers dated July 21, the date on which the boy disappeared from his home.

The police take this to indicate that he was killed on that date. Important clues to the identity of the persons who shot the boy were found by the police today. Detectives worked all night on the few marks left by the murderer, which include the heel of a shoe and a silver-tipped bullet found in the boy's brain. Search also is being made for an 18-year-old boy who three years ago, bound and attacked young Holstein. At that time the boy informed his parents of what had occurred, and the older boy was arrested. It is known that he swore to be revenged on the Holstein boy, and the relatives of the murdered lad fear that he may have carried out his threat.

## MRS. C. C. RUMSEY'S HOME IS ROBBED OF \$75,000 JEWELS

PORTUGUESE REBELS  
ARE VERY ACTIVE

News of Clashes of Troops  
and People Is Sup-  
pressed.

Paris, July 29.—Dispatches from Portugal received by way of the Spanish frontier today indicate that great revolutionary activity prevails in Portugal. It is reported that a vast movement, planned in Lisbon and Oporto, may break out at any moment. From the same source it is learned that serious street fighting occurred last night in various places.

The censor in Lisbon refused to allow the calling of an Associated Press dispatch stating that a band of revolutionaries had attempted to rush the barracks of the Sixteenth Infantry regiment in order to rescue political prisoners detained there. The civilians were repulsed by the troops after an exchange of shots with the guard.

Sherman Law for Argentina.  
Buenos Ayres, Argentina, July 29.—The government of Argentina today introduced a bill into congress on the lines of the Sherman law, declaring unlawful all trusts and combinations in restraint of trade and production.

HARRIMAN'S DAUGHTER  
ROBBED OF HER JEWELS

MRS. C. C. RUMSEY,  
Formerly Miss Mary Harriman,  
Whose House at Narragansett Pier  
Was Entered Saturday and Sunday.

## MRS. C. C. RUMSEY'S HOME IS ROBBED OF \$75,000 JEWELS

One Rope of Pearls Valued  
at \$60,000 Is  
Taken.

Only Meagre Story of Affair  
Told—Police Not  
Notified.

New York, July 29.—Gems valued at \$75,000, including a rope of pearls worth \$60,000, were stolen from the home of C. C. Rumsey at Narragansett Pier, during the twenty-four hours ending Sunday night. Mrs. Rumsey was a daughter of the late E. H. Harriman. The theft was made known today.

The rope of pearls was given to Mrs. Rumsey by her mother and had a sentimental value in excess of its intrinsic worth.

Mrs. Rumsey's home was entered some time between 8 o'clock Saturday night and the same hour Sunday. Only the contents of one room, that usually occupied by Mrs. Rumsey, were disturbed, according to the announcement. How the thief entered the house, whether Mrs. Rumsey was at home at the time and other details of the robbery were lacking at the office of the Harriman estate here, which had been acquainted with only meagre facts concerning the robbery.

The theft had not been reported to the police this afternoon, and Mr. Zettoff, secretary of the late E. H. Harriman, who made the announcement, said that private detectives were working on the case, and probably would handle it independently of the police.

Mrs. Rumsey is now at her home at Narragansett Pier.

## POSTMASTERS OF FIRST CLASS MEET.

Denver, Colo., July 29.—The annual convention of the National Association of First Class Postmasters opened here today with more than 100 members in attendance from all parts of the country. The sessions will continue three days. Discussions will include the advisability of continuing the eight-hour employment of postal attaches, establishing sub-dead letter offices, increasing the limit of postal savings deposits and the general reclassification of mail.

Chalmers Is Floated.  
New York City, July 29.—The steamship Chalmers of the Southern Pacific steamship company, which ran aground on the New Jersey shore off Barnegat yesterday morning while on the way from New Orleans for New York, was floated early today. She will go to New York for repairs.

## TODAY IN CONGRESS

SENATE.  
Met at noon and resumed discussion of tariff bill.  
Democratic House Leader Underwood, before lobby investigation committee, declared Martin M. Mulhall to be a "liar and black-maller."  
Foreign relations committee discussed Nicaragua protectorate treaty.  
Senator Clark taking protracted stand against policy involved.  
Senator Brandegee asked for date when new duties on wool and woolen products shall go into effect.  
HOUSE.  
Met at noon.  
Representative Henry, in state-ments, demanded investigation of charges that New York bankers had organized to depreciate prices of government 2 per cent bonds.  
Fillmore of Republican Leader Matthews ended debate on two-hour anti-Diggs white slave case resolution begun.

Stephens of Texas Wants  
Joint Action to Be  
Taken.

Ambassador Wilson May  
Have to Quit—Disagrees  
With President.

Federal Gunboat Reported  
Destroyed By Aviator  
Masson.

Washington, July 29.—Investigation of conditions in Mexico by a joint congressional committee was proposed in a resolution today by Representative Stephens of Texas. Five senators and five representatives would examine all diplomatic correspondence and other documents relating to the situation. Ambassador Henry Lane Wilson resumed his conference today with Secretary Bryan on the Mexican situation. Mr. Wilson had expected to quit Washington today, but remained at the request of the secretary to continue his studies of the conditions in the Southern republic.

Will Hear Ambassador.  
Ambassador Wilson, it was learned, will appear before the senate foreign relations committee tomorrow to give his views of conditions in Mexico. Secretary Bryan was prevented from attending the committee's special meeting today on account of conferences at the state department with the ambassador.

At Cross Purposes.  
Ambassador Wilson talked for an hour with President Wilson and Secretary Bryan yesterday, submitting chiefly a recommendation that the United States use its influence to establish the Huerta regime.

It became known that the president's ideas and those of Ambassador Wilson as to the course to be pursued are so radically different that the administration officials interpreted the day's developments as forecasting the acceptance of Ambassador Wilson's resignation.

President Wilson and the ambassador regard the future of the Mexican situation. It was learned, from opposite viewpoints. The president is concerned over the morality of any policy adopted by the United States and the (Continued on page 4, third column.)

## GIRL WIFE WANTS TO MARRY HER ABDUCTOR

Mary Armstrong Dean Is  
Found at Independence,  
Kan.

Independence, Kan., July 29.—Mary Armstrong Dean, the 15-year-old bride, whose second disappearance yesterday after she had been found at Needosha, Kan., caused the supposition that H. M. McCord, her alleged abductor, was with her again, was detained by the police here today. Last night the traveling authorities at Iowa. She reiterated her declaration that she would not return to her husband, Harvey Dean, and said the cause of her leaving him was threats she declared he had made to her life. Mrs. Dean was taken to Iowa at noon by a deputy sheriff.

Mrs. Dean came here from Needosha, late yesterday. On a street car she met a traveling man and told him she was looking for housework. He took her to his home, where his wife gave her employment. Last night the traveling man's daughters and Mrs. Dean went to a motion picture show. There Mrs. Dean took the girls into her confidence. The girls informed their parents and Mrs. Dean was taken to the sheriff's office this morning.

Mrs. Dean said she would go back to Iowa, obtain a divorce from Dean and marry McCord.

## MORE CONVICTS ARE TAKEN FROM SING SING

Warden Believes Trouble in  
Prison Will Not Be  
Renewed.

Ossining, N. Y., July 29.—Convict Squad No. 2, a double line of sixty prison-garbed men, left Sing Sing for Auburn today with no more hostile demonstration than a volley of cheers. In sharp contrast to the din let loose inside the prison when Squad No. 1 marched out last week, was the tense silence of their 1,300 comrades left behind.

Twelve keepers, heavily armed, led and flanked the line on its way from the prison to the train. The prisoners were chained to each other two and two, ankle and wrist. With their free hands they waved their caps at the photographers and laughed and chatted as if in the best of spirits. They were chained to the seats of their cars.

With the removal of this second batch of unruly prisoners, Warden Clancy believes that the convict disturbance which has resulted in continued insubordination and two fires has been halted. All in today's squad were second terms and most of them the warden believed, were leaders in the recent disturbances.

## DOZEN CITIES ARE AFTER THE MOOSE.

Cincinnati, Ohio, July 29.—Election of officers and the selection of next year's convention place was the principal order of business today's session of the Loyal Order of Moose. About a dozen cities are in the field for the 1914 convention. Among those prominently mentioned for the honor are New York, Philadelphia, Baltimore, Milwaukee, Denver, Toronto, New Orleans and Dallas, Tex.

# SITE FOR NEW BOARD OF TRADE BUILDING SECURED

Immense New Structure Will Be Needed in Near Future.

Present Building Is Crowded With Free Wheat in Prospect.

The Duluth Board of Trade association, anticipating free wheat, took steps today which will doubtless lead to the erection of a new and greatly enlarged building to house its offices, pit and the offices of those engaged in the grain business.

The executive committee was authorized by vote of the members during this morning's session, to close an option for property at the northeast corner of Fourth avenue west and Second street to be used as a site for a new building when it becomes necessary. The property has a frontage of 125 feet and will cost \$48,000.

The board of trade is at present housed in the nine-story building it owns at the corner of Third avenue west and First street, but as that building has now grown far too small, the office situation being congested and becoming a serious problem to solve, the executive committee has felt for some time, as have the members generally, that something would have to be done in the very near future to make adequate provision for the business of the organization. This building was erected twenty years ago, and about four years ago several additional stories were added because of the growth of business. Now business is still growing, the new addition is filled, and as the foundation is carrying its limit of weight, other arrangements will have to be made, and very soon. Hence the purchase of more property.

**Free Wheat.**

President McCabe said this morning that with the prospect of free wheat starting the Duluth board of trade in the race it had become imperative that quick action be taken. The members of the board thought so too and gave unanimous consent for the closing of the option. It is admitted that with free wheat, or wheat with a countervailing duty as now provided for, Canada likely to take off her duty against American wheat and thus establishing a free basis both ways, Duluth is practically certain to become the leading hedging market of the world, taking away from Chicago a very large part of its business, and necessitating hundreds of Chicago and Minneapolis grain firms establishing their offices here and buying memberships on the Duluth board. In this event, with the prospect of free wheat, scores of firms doing business on the floor of the Duluth board, would have to be housed in the building, an almost unendurable inconvenience.

As soon as the deal for the property is closed, it is practically assured, plans will at once be started for a huge building which it is expected, will serve the board for many years to come.

It is considered unfortunate that more property cannot be acquired close to the present building, which is ideal for trading purposes, but the prices set on the neighboring property are so prohibitive and the board will not meet them. The Y. M. C. A. is to the north, and the purchase of the building to convert it into board of trade purposes is considered impracticable. On the west side of the building, as it is understood that the Duluth demand, \$150,000 for this property, which the board of trade will not consider, there is no possibility of a deal for adjoining property being made, as the only thing that could be done was to buy property as nearly central as possible and when a building is erected on it, sell the present building, if possible, or failing that, rent it for office purposes.

# BRIDGES ARE DANGEROUS

West Duluth Club Will Ask Immediate Attention to Wooden Structures.

Concrete Culverts and Fills Are Wanted as Substitutes.

West Duluth bridges will be the subject of discussion Friday evening at the meeting of the West Duluth Commercial club. Many of the bridges on the principal thoroughfares, in the western end of the city are said to be in a dilapidated condition and require immediate attention from the city departments.

Among these are the two bridges on Oronto street, the one at Fortieth avenue west and one at Forty-third avenue. The former, a part of which has been condemned by the city for several years, is leaning towards the bay and it is claimed that if it was not for the support given by the steel rails of the street railway which are supported by the bridge, it would have dropped into the ravine long ago. The bridges on Grand avenue, at Sixtieth and at Seventy-first avenue are also said to require considerable attention. Similar structures spanning the gulley through which Kenner's creek runs, at Fifty-ninth avenue, Fifty-seventh avenue and Central avenue are not in too safe a condition. The former two are said to be in bad condition and the one at Fifty-seventh avenue should be condemned and rebuilt.

According to members of the club the organization will be asked to adopt resolutions asking the city to systematically repair or replace these structures. If replaced they will ask that it be done by filling in most of the ravine and placing a concrete culvert where it is required for the passage of the stream.

Most of these bridges were built in 1890-91 and with the exception of minor repairs from year to year they are substantially the same. The supports in many cases are said to be rotting through and it is claimed that there is some danger of a collapse unless something is done in the near future.

## IN WEST DULUTH POLICE COURT

West Duluth police were kept busy this morning with the trial of a man charged with drunkenness. Three of them were carried last night, and they were comfortably housed in the police station.

In police court this morning all pleaded guilty. Soren Hanson, 35, was charged with drunkenness. He was given a suspended sentence, it having been his first appearance before the court. He was charged with beating Mrs. Gerard, a neighbor, in a dispute over chickens. Mrs. Gerard's chickens were said to have been in Winner's yard and when she attempted to get them back, she was beaten. She lives near Fifty-third avenue and Polk street.

James Winners was sentenced to twenty days in the county jail yesterday afternoon when found guilty of assault in the third degree. Winners was said to have beaten Mrs. Mary Gerard, a neighbor, in a dispute over chickens. Mrs. Gerard's chickens were said to have been in Winner's yard and when she attempted to get them back, she was beaten. She lives near Fifty-third avenue and Polk street.

## GARDENERS WILL ARRIVE SATURDAY

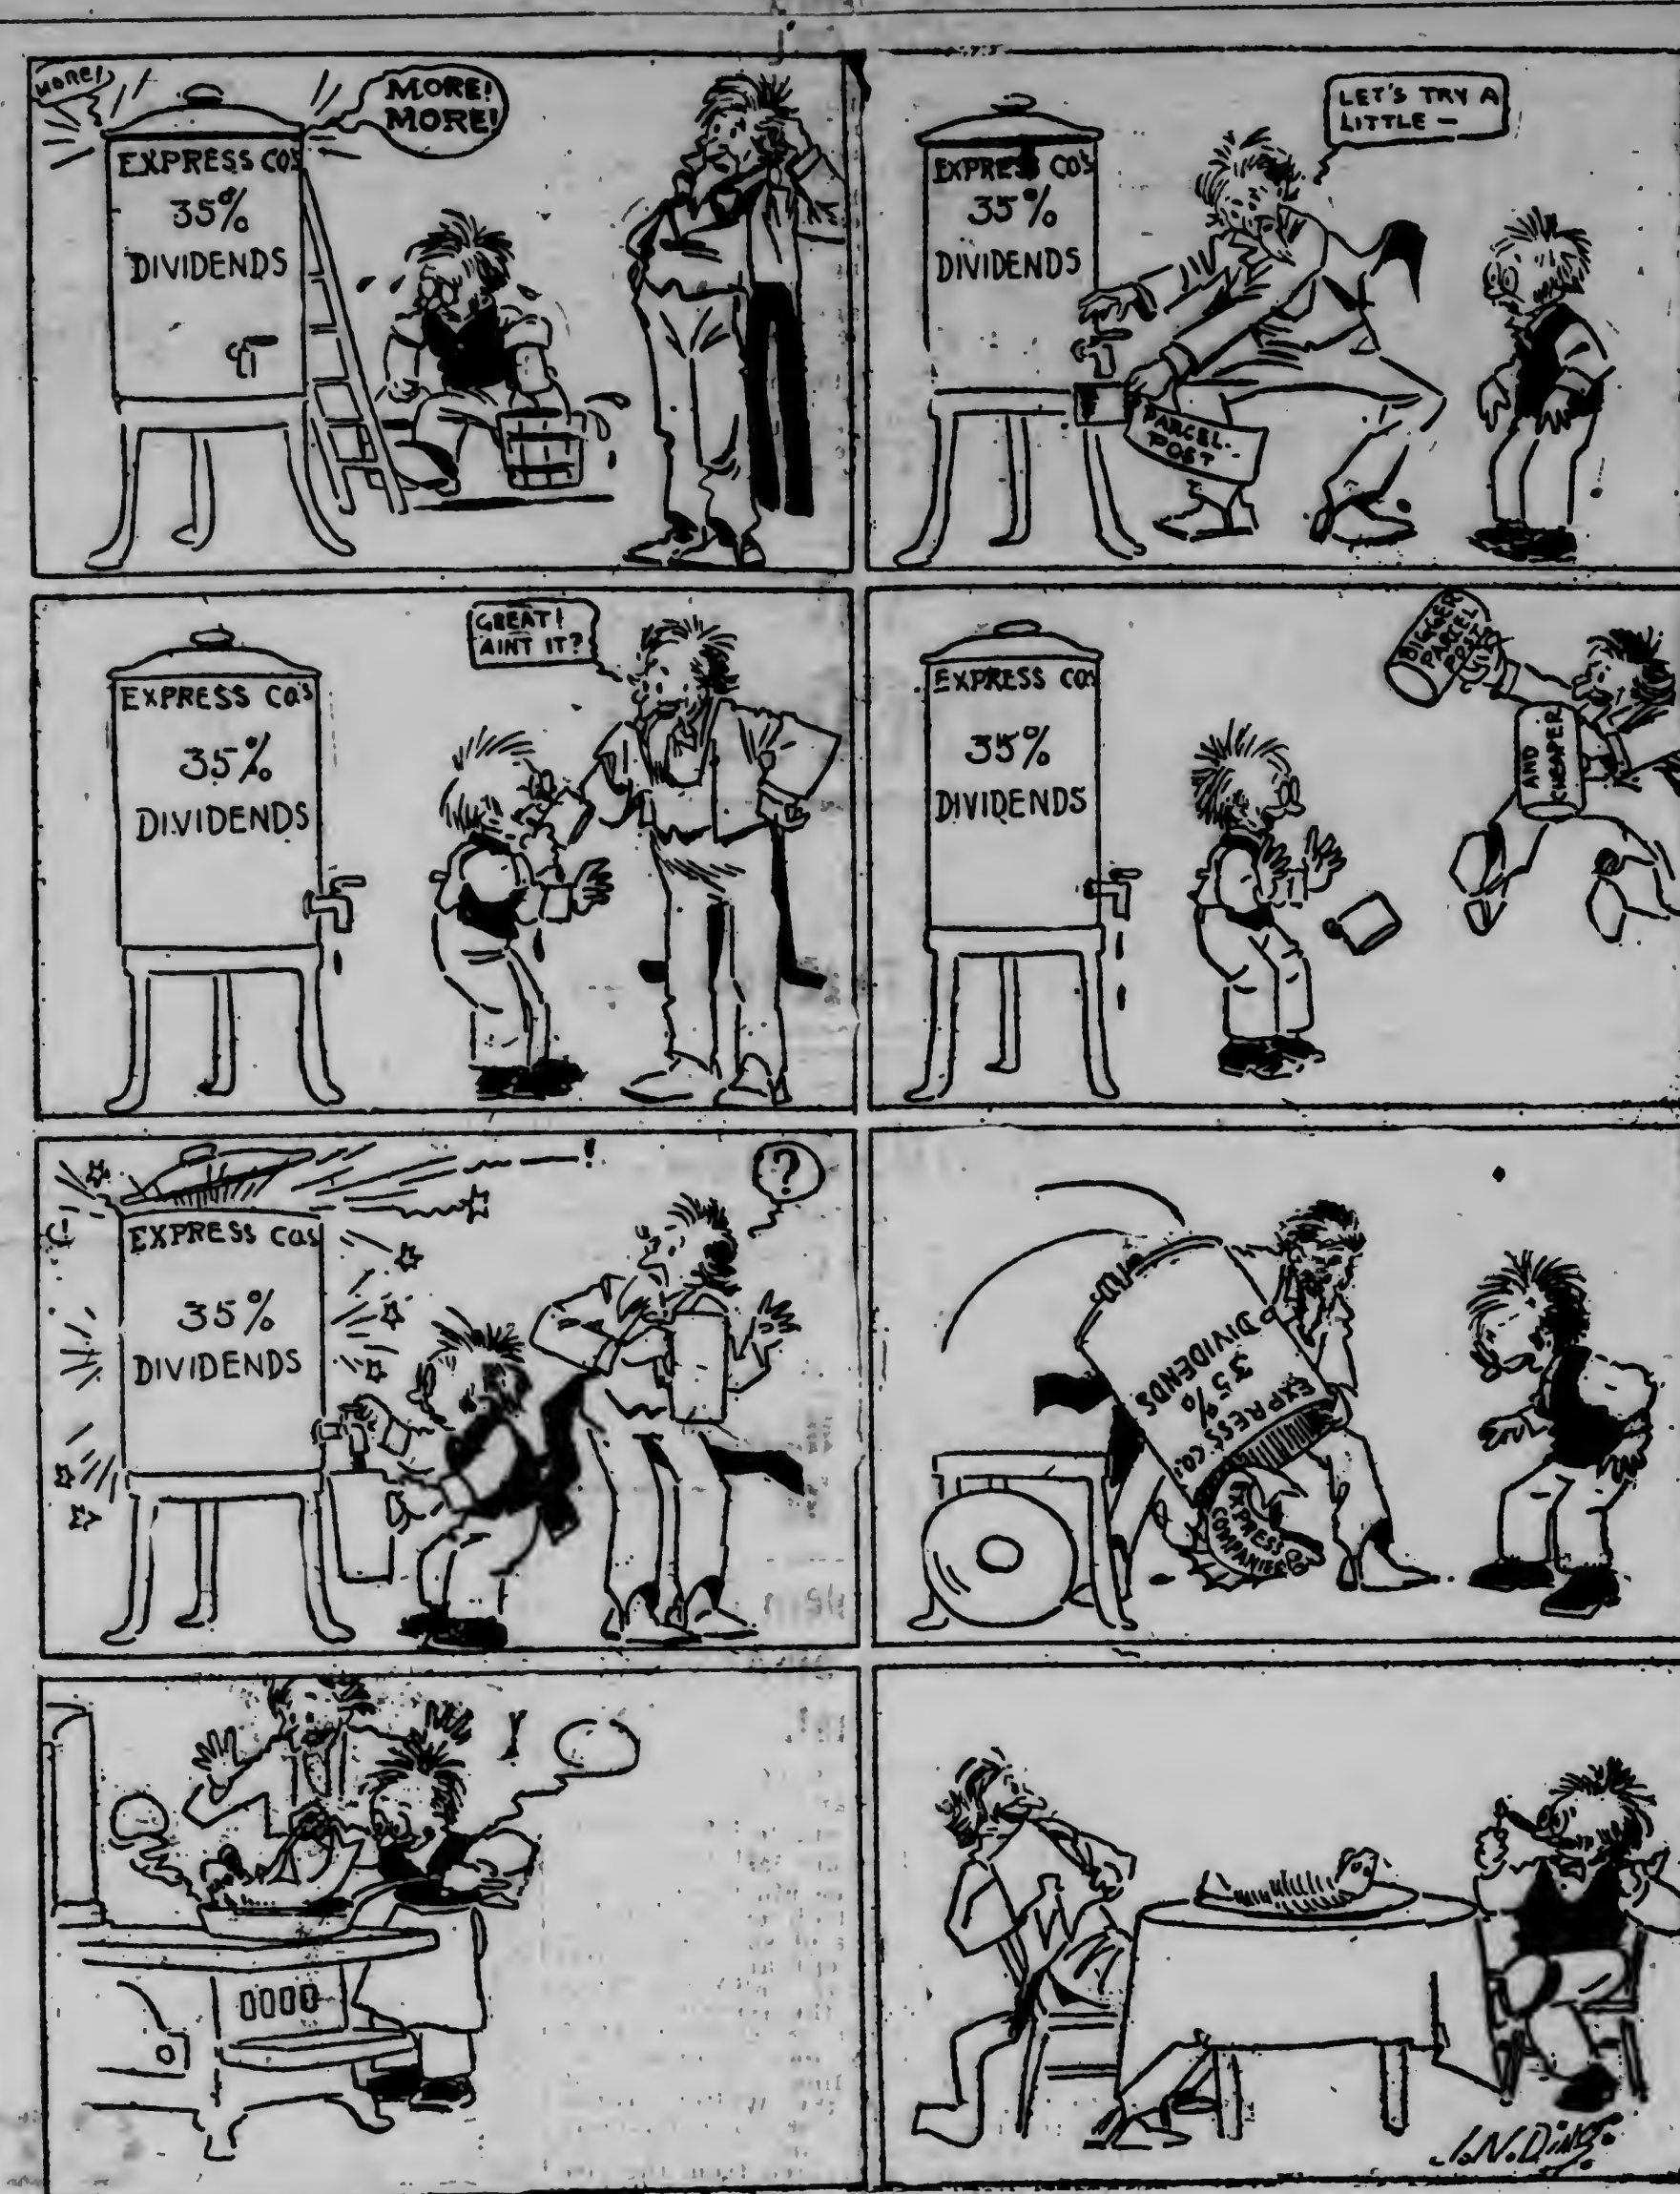

The first of the farmers to make their appearance in West Duluth with their summer produce are expected at the West Duluth public market, Fifty-sixth avenue and Ramsey street, on Saturday. A number of the gardeners have told West Duluth merchants that they would be in on that day.

The market place has been lately put into shape so that the farmers' produce can be sold. The market is being placed on the west side of the market place by the Northern Pacific railroad company. The fence dividing the railroad and city property at this point is being torn down and will give people passing that point an opportunity of better viewing the place.

## BOAT CLUB WILL HOLD ANOTHER RACE

Members of the Western Boat club are planning the second race of the season to take place about the middle of August. It is expected that about twenty boats will be entered. Frank H. Wade, president of the club, stated this morning that it was probable that the races would be somewhat similar to those held on July 29 and that three classes would be entered in races ranging in distance from 100 to 1,000 yards.

It is probable that the races will be arranged to take place on Sunday August 17. A meeting to decide on the date will be held early next week and at that time it is expected that many of the members will decide whether or not they will enter in the contests. In connection with the boat races other events will be planned. Among these will be canoe races and rowing races. It is expected that several contestants will enter in each of these events.

## PROCTOR Y. M. C. A. SECRETARY RESIGNS

## HUERTA ORDERS AMERICANS FREED

An Englishman Also Condemned to Death Is to Be Liberated.

Washington, July 29.—Charles Bissell and Bernard McDonald, the two mine managers held by Mexican Federalists under sentence of death at Chihuahua, have been freed by Huerta. The Huerta government, Charge Alvaro of the embassy here so informed Secretary Bryan today.

It was said Mr. Bryan expressed gratification at the prompt action the Huerta government had given to American representations in the cases, as well as that of Dixon, the immigrant inspector shot at Juarez. McDonald is an Englishman, Bissell's chauffeur, an American, has

C. N. Cole of New Richmond, Wis., Has Desperate Fight.

New Richmond, Wis., July 29.—A desperate encounter with a madman with a sharp-bladed ax, was the experience yesterday of Supt. C. N. Cole of St. Croix county asylum, when he attempted to capture David Flint, a lunatic inmate of the institution.

Cole overtook Flint on a lonely road. The lunatic lunged at him, aiming the ax at Cole's head. His aim was slightly inaccurate, and a moment later Cole was up, his arm raised, ready to meet many hard blows from the broad side of the ax before disarming Flint.

## COUNTERFEIT BILLS PASSED

Smooth Stranger Gives Worthless Paper to Two Duluth Women.

Counterfeit \$10 bills are being circulated in the city, two cases having already been reported to the police.

Yesterday afternoon a man came to the home of Mrs. J. Altman, 623 West Third street, and arranged to rent a room for the week. He gave Mrs. Altman a \$10 bill and secured \$7 in change. He never returned, and this morning Mrs. Altman discovered that the bill was counterfeit. The same thing happened this morning to Mrs. E. Bishop of 30 West Second street, who also rented a room and gave the man \$2 in change, he having agreed to pay \$1 down. When she attempted to have the bill changed shortly before noon, she too discovered that it was counterfeit.

The two women described the man who presented the bills as of medium build, dark, well dressed, with a light suit, straw hat and tan shoes. He also has several gold teeth. There is no doubt but what the same man gave the bills at both places, as the descriptions almost tally.

The bills given the women are from the Exchange Bank of Virginia. The inscriptions are all faulty and readily noticeable upon a close inspection. There are two parts to the bill, each part being printed on one side only and the two parts being pasted together.

## ASK RECEIVER FOR IRRIGATORS

Denver, Colo., July 29.—Involuntary bankruptcy proceedings have been filed by the United States district court here against the Laramie-Poudre Reservoir & Irrigation company, a corporation capitalized for \$5,100,000 with a franchise to irrigate 125,000 acres of land in Colorado, by stockholders of the company. No charge of insolvency is made in the petition, the plaintiffs merely alleging mismanagement of the company affairs.

# WAS BURIED AS A PAUPER

Duluth Visitors Get Shocking News Regarding Their Son.

Died and Was Buried By County Before They Were Informed.

George De Coster, 26 years old, died July 24 in Oakland, Cal., and was buried two days later as a county charge, without his father and mother, who are living temporarily in Duluth, hearing of it.

Last evening Peter De Coster and his wife, who are staying at the Frederic hotel for several days, read in The Herald that Mr. De Coster was wanted by a friend of his, W. J. Drummond of Oshkosh, Wis. Drummond wrote to Chief Troyer yesterday morning asking that De Coster be located and informed of the death of his son, George, in California. The article in The Herald contained just that information and now the frantic parents of the young man are making all efforts to have the body shipped to Oshkosh, where it will be given a decent burial.

This morning De Coster appeared at police headquarters and asked that a telegram be sent to the authorities at Oakland, asking them when George had died and when the body was buried. A return message stated that the young man died last Thursday, after a short illness and that the body was buried Saturday.

The father of the young man is making arrangements this afternoon to go to Oakland and claim the body of his son. He will bring it back to Oshkosh, where it will be buried.

De Coster came here several weeks ago to help build a store and house for his son at Oshkosh. He had just completed the work the other day and was spending a few days at the Frederic hotel before returning home. George had been living at Oakland the past three years and was working at one of the hotels there. His parents heard from him about a month ago, but they were not informed of any illness.

### RUSSELL STRONG FOR UTILITIES LAW

Brainerd Man Replies to Letter From House Committee.

St. Paul, Minn., July 29.—(Special to The Herald).—Charles A. Russell of Brainerd, one of the leaders of the Progressive movement in the state, in a letter to D. H. Holbrook of Minneapolis, secretary of the house public utilities committee, comes out strongly in favor of a utilities law for Minnesota and warmly praises Governor Eberhart for his attitude. Russell was attorney for the house public utilities committee during the last legislative session.

### RUNS MOTOR PAST CAR AND GETS 45 DAYS

### Minneapolis Man Is Sent to Workhouse for Ignoring Ordinance.

Minneapolis, Minn., July 29.—(Special to The Herald).—Charles Quist, an automobile driver who failed to obey a city ordinance prohibiting vehicles from passing a street car when it is receiving or discharging passengers, today was sentenced to forty-five days in the workhouse. He is alleged to have run down and nearly killed a woman who was carrying a street car.

### CHICAGO CORN PRICE GOES UP WITH RUSH

### Sensational Lowering of Crop Estimates Is the Cause.

Chicago, July 29.—Sensational lowering of crop estimates owing to damage from drought and heat brought about a rush of buying today in the corn trade. The result was to put up prices 2 cents a bushel.

### SEA LION LIVING IN MINNEHAHA FALLS.

Minneapolis, Minn., July 29.—(Special to The Herald).—A sea lion today took up its abode in historic Minnehaha falls. Hours of hard work on the part of twenty men failed to effect the capture of the invader. Splashing around in the spray on the rocks at the foot of the falls, his cries rose above the roar, to taunt his would-be captors. The sea-lion belongs to a "cove" located near the falls.

## TWO LADS SPEND FIVE DAYS AS PIRATES ON THE RIVER

### Capture a Ship and Set Sail for Strange Lands.

### Found By Their Frantic Parents After a Long Search.

Just like the pirates of old, Johnnie and Max Molson, 11 and 12 years old, commandeered a ship and set sail upon the high seas in quest of adventure in strange lands.

Equipped with two tin forks, a jack-knife apiece, a couple of gunny sacks and a revolver which they had seized when their dad wasn't looking they put forth last Thursday morning. Like the bold sea rovers, they were scoured the river for five days without any trace of them. Launches put out to search the shores and others hunted the land.

Last night a party in a motor boat discovered the two missing rovers.

### SIDEWALK SALOON IS SHORT LIVED

### Burglar Tries Unique Method of Disposing of Stolen Boozie.

The decision to start a saloon on the sidewalk at midnight with goods stolen from a saloon at 705 Tenth avenue got H. Anthony into trouble last night. Two policemen came along just as he was about to begin disposing of his goods and took him to police headquarters, where he is now charged with burglary. Anthony is alleged to have entered the place and stolen several bottles of whiskey. The bartender's coat, hat and apron, a freighter and was well loaded with booze inside as well as outside when arrested. He will be arraigned this afternoon.

### FARMER KILLED.

### Otto Hokkala Dragged to Death By His Horses.

The body of Otto Hokkala, a farmer at Maple, who was killed yesterday by being dragged to his death by a team of runaway horses, was brought to the city last night by Coroner Z. A. Downs. Hokkala was killed while trying to hitch his team to a wagon-load of hay. They started running and he hung onto the lines and was dragged over newly broken ground. His head was crushed against a large stone in a school building on the hill and almost immediate death.

### Stop Minors Running Autos.

Policemen of Superior were yesterday notified to be on the lookout for minors operating automobiles. In an attempt to catch a miscreant for any person under 16 years of age to operate a machine on the street.

### CONTRACTORS PREPARING TO CUT AWAY THE POINT OF ROCKS.

Commissioner Marchison, head of the works division, said this morning that he expects to begin graving the fill at Eighty-first avenue west before the end of the week. When this has been completed the road to New Duluth will once more be in good shape.

### THE CHIEF DIFFICULTY WHICH HAS CONFRONTED THE COMMISSIONER HAS BEEN THE SECURING OF THE GRAVEL AT A REASONABLE PRICE.

To bring it from Carlson by train would be too costly, as the freight charges would double the original cost of the gravel. To haul it from New Duluth would be expensive. A search has been made for gravel in the vicinity of the fill and the commissioner said today that he would probably be able to get it in that vicinity.

### Business Men and Club Members Express Their Appreciation.

Perhaps the oarsmen of the victorious crews of the Duluth Boat club have at least some faint idea of what the citizens of Duluth and the members of the boat club thought of the recent victories at St. Paul. Last evening at the banquet at the boat club the modest young men were given the opportunity to become fully acquainted with the opinion entertained by citizens and the large following of the club.

Nothing in the history of the boat club has so comprehensive a victory been won as the one of recent date. Also it might be said that never before in the history of the club has a banquet been held where so many truly strictly merited, have been uttered regarding the worth of the athletes representing the club.

President Julius H. Barnes acted as master of the occasion. During the course of his remarks he took occasion to state that it had not always been the returning victors, and that while he and the citizens of Duluth and the many members of the boat club were eminently satisfied with the showing of the club, he would like to live long enough to hear Jimmy Ten Eyck say that he was satisfied with the crew.

Mr. Barnes said that the banquet was arranged as a testimonial of the appreciation upon the part of the friends of the members of the crew and that not only was this appreciation borne by the members of the club and the personal friends of the oarsmen, but also by the people of Duluth and the city of Duluth.

### To Hold Athletic Meet.

The postponed playground athletic meet, which was to have been held last Friday, will be held Saturday afternoon on the Blaine neighborhood grounds. Richard Scurtar will have charge of the program.

### CARNATION DANCE TONIGHT

# Mama's Team

Several Duluthians are planning to go abroad this year to study music in England, Germany, France and Austria.

Mrs. T. K. Hicks and daughter, Miss Winnifred Hicks of 426 Twelfth avenue east will leave Wednesday, Aug. 6 for Montreal, from which port they will sail on the steamship Canada for England. They will spend some time in London and will then go to Germany and Vienna. They plan to remain until late next spring or perhaps longer and Miss Hicks who has been studying piano with Mrs. Henry K. Brewster of this city, will continue her studies in these countries.

Miss Jessie Gibson, daughter of Mr. and Mrs. Angus Gibson of 301 Eighth avenue east is planning to leave the latter part of September for Berlin, Germany, where she will study music with Maestro Emerich during the coming year.

Miss Gibson spent five years in Welmar, Germany, studying voice and since her return to America last summer has been studying with Ralph W. Savage at Pittsburg. She will take up grand opera work and expects to make her debut at the Court theater in Berlin in about two months.

There are others who are planning trips abroad who have not completed their plans enough to announce them as yet.

## TENNIS TOURNAMENT.

D. B. C. Members Interested in Women's Matches.

Tennis will hold the center of the stage again next week during the annual tennis tournament for the women and girls of the Duluth Boat Club, which will start on Monday for the singles and on Wednesday for the doubles.

Girls and women have been playing regularly at the club gaining strength and form in the game and the court set aside for women at the Outka branch is constantly in use.

There are a large number of women who are exceptionally good players among the members of the club and the matches promise to be interesting. All matches will be played in the mornings except the semi-finals and the finals, which will be played in the afternoon.

Miss Lucille Bradley, 2229 East First street, will take charge of entries for these events and all members wishing to enter are asked to send their names to her by Saturday night for the singles and by Tuesday night for the doubles.

Only girls or women who are members or who hold family cards in the boat club will be eligible for this tournament.

A number of luncheons are being planned by women who are interested in the matches for the players and their friends.

## LAWN PARTY.

Young People Dance Out-of-Doors.

The lawn of the Salvards home, 2311 East Third street, was the scene of a pretty party last evening when Miss Mary Salvards entertained a number of her friends.

## MOTHER OF GENERAL IS 89 BUT NOT TOO OLD TO VOTE

### MRS. MARY KENNON EVANS REGISTERING.

Mrs. Mary Kennon Evans is probably not the oldest but certainly one of the oldest women to gain the vote. She lives in Portland, Ore. and is the mother of Brig. Gen. Robert K. Evans of the army. Mrs. Evans is 89 years old. She has been an invalid for years and can move only in a wheelchair. But a registration deputy went to her home to enable her to register and she declared herself a "Rooseveltian" and her name was put in the "Progressive" column. Mrs. Evans is the widow of a wealthy Mississippi planter and has large estates in the South.

work of the council and the subject of the Housewives' league taken up at the last meeting will be again considered with the view of forming a Duluth branch.

## AMERICA SHOULD KEEP DAVIS CUP

Young Players in England Showing Any Promise.

Wimbledon, Eng., July 29.—As a result of the victory of the American players yesterday the Davis cup goes back to the land of its origin after the most interesting fight in its possession since it first left in 1903.

The victory of the Americans will be all the more memorable as it was the first time in the history of the cup that seven countries—United States, Canada, Australia, South Africa, Germany, France and Belgium—were represented in the final round.

Despite his loss in singles to Parkie at Friday, McLaughlin generally is given the credit for lifting the cup. The veteran British player made the first putt, putting all the responsibility upon him, for in the opening of the match he was the one who gave the Englishman enough to make a decent set before victory perched upon the head of the Californian.

In the second set McLaughlin got into his stride, and then, after a treat of the crowd to a display of service and overhead strokes never before seen on the historic Wimbledon courts.

British followers of tennis are depressed over the possibility of recovering the cup and freely predict it will remain in the United States for at least five years, as there are no young players in sight to take the place of the veteran experts, of whom Parkie, the youngest, is over 30 years old.

Robert D. Wrenn, president of the United States Lawn Tennis association, was highly elated over the success of the Americans.

McLaughlin modestly disclaimed the credit for winning the cup.

## MACKMEN HAVE AVERAGED NEARLY SIX RUNS TO GAME

Connie Mack's White Elephants, pace-setters in the race for the American league pennant, have averaged nearly six runs per game. In the first twenty-one contests in which they participated, the Mackmen crossed the plate 404 times, errors of the opposition helping them to 49 counters and battery misplays of their adversaries enabling them to acquire 10 tallies. Eleven markers were secured through the medium of steals, leaving 334 runs that the Athletics actually batted in.

Mack had a splendid quintette of timely hitters in Frank Baker, Jack McInnis, Eddie Collins, "Rube" Oldring and Jack Barry, the best of the lot, according to the records, being Baker. The Mauling Marylander, who stands a good chance of winning the Chalmers cup, has been doing well in the league in driving in runs. "Stuffy" McInnis ranks second as a timely hitter among the Mackmen. He has put the finishing touches to 50 tallies, Eddie Collins, with 41, ranked third and Oldring and Barry are tied for the fourth position, each with 38 runs batted in. Strunk is a fine sixth, with 30 counters driven in to his credit.

In fact, all the Mackmen have been hitting in the pinches, which is the principal reason the team shot to the fore and has stayed there.

Even Ensign Cotrell, a slabburn who was never accused of being a heavy hitter, batted valiantly while he was with the Athletics. He took part only in one full game, but in that contest he cleared the bases of their three inhabitants with a double.

The number of runs batted in by the Athletics in their first 21 games are revealed below.

Runs Batted In.	Safe Sacrifice	Infield	Outs	Total
Baker .....	42	2	1	45
McInnis .....	31	5	2	38
Collins .....	27	3	1	31
Oldring .....	27	3	1	31

## SPEED BOAT SINKS; DRIVER IS RESCUED.

Toledo, Ohio, July 29.—Bull Moose II, driven by its owner, Frank J. Gregory of City Island, N. Y., sank in twenty feet of water in the Maumee river yesterday, while participating in the first

of the Perry centennial speed boat races. Bull Moose II was scratch boat in Class A, and was competing for the Interstate championship trophy. She was going 30 miles an hour, when she struck an obstacle, supposedly a partially submerged log. Gregory was rescued.

Comiskey in Mill City.

Minneapolis, Minn., July 29.—Charles Comiskey, manager of the White Sox, is here visiting the Canfield brothers, owners of the Minneapolis American association club. Yesterday he watched the Minneapolis and St. Paul teams play on the latter's grounds.

Comiskey is on an automobile tour from Chicago to Duluth, will leave Wednesday morning for the Head of the Lake.

It was rumored that Comiskey had come to St. Paul to negotiate the purchase of the Perry centennial speed boat races.

## NATIONAL LEAGUE

Matty Blanks Cardinals.

St. Louis, July 29.—Matty Blanks, pitcher of the Cardinals, yesterday, shutting out, with four hits, the team that previously had administered two of the five defeats the Cardinals star has suffered this season.

New York scored four runs off Harmon in seven innings. Records book repeated his recent good performance at the Polo grounds and had his champagne hitless and runless during the last two rounds.

After getting off to a bad start by walking the first two men to face him on eight successive balls Harmon was over for six innings. He weakened in the seventh and was hit for triples by Snodgrass and Burns and a single by Shafer, netting the visitors two runs. Hit two passes sacrifice fly gave them one in the first. Doak's two-base miff of Fletcher's single, the first clean hit of Harmon, added another in the sixth.

Mathewson was over in danger. Only two men reached first on passes and none could get there in any manner when a score threatened. Sensational stops by Fletcher and Shafer atoned for the three harmless errors made by Mathewson.

R. H. E. New York.....100001200—4 6 3 St. Louis.....00000000—0 0 0 Batteries—Mathewson and Meyers, Wilson; Harmon, Doak and Wingo, Roberts. Umpires—Egan and Eason.

Farical Baseball.

Chicago, July 29.—Chicago and Boston gave a farical exhibition of baseball yesterday, and at the finish the score stood 9 to 4, in favor of the locals. The fielding behind Tyler, who was on the mound for the visitors, was responsible for the score of the home club.

Time after time, the fielders would stand, gaze, then seem startled to find the ball which could easily have been caught had fallen but a few feet in front of them, while a hit was chalked up against the pitcher and the local runners hurried around the bases. Errors, a wild pitch and a passed ball were also added to the Bostonians' bill.

Chicago also contributed their share of mistakes. Manager Evers' men made two errors in the ninth, one of which was a home run by sending in their pinch hitters and base runners.

As the men started a rally, by sending in their pinch hitters and base runners, the famous hidden ball trick on Collins, a pinch runner, and the game was over in this inning, the visitors had scored two men and had a man on second and third. There was much confusion while Maranville was coming up to bat, and Phelan calmly held the ball and stood a few feet from third.

Turnpikes then walked into the pitcher's box, and Collins stepped off the third base and was tagged out.

R. H. E. Boston.....10001002—4 9 2 Chicago.....00000000—0 0 0 Batteries—Tyler, Noyes and Brown; Humphries and Brennan. Umpires—Ferguson and Connolly.

Pirates Hammered Hard.

Pittsburgh, Pa., July 29.—Philadelphia hammered Pittsburgh pitchers yesterday afternoon while Seaton pitched fine ball, the visitors winning by a score of 10 to 2. Philadelphia got four runs, two each in the first and third innings.

In the fourth, from that time on it was a one-sided affair as Pittsburgh was not able to do anything with Seaton. Of the six hits which the locals made, three were home runs, two singles and a double. Seaton pitched a fine game, but was hit by a home run by Groh with a man on base. Stack was effective. Packard had one bad inning, when he single, two bases on balls, an error and a double netted the visitors four runs. Two singles and an error in the eighth brought in Brooklyn's other run. Miller pitched first base in place of Daubert, who pitched the game with a weak ankle.

The score:.....202001100—6 11 1 Pittsburgh.....00000000—0 0 0 Philadelphia.....00000000—0 0 0 Batteries—Seaton and Kilmer; Coleman, Adams, Cooper and Simon. Umpires—Ridgeway and Connolly.

Reds Win Final.

Cincinnati, Ohio, July 29.—Cincinnati won the fourth game of the series from Brooklyn yesterday, 5 to 3. Fingling, who started the game for the visitors, was knocked out of the box in the third inning when he was hit by a home run by Allen and was hit by a home run by Allen and was hit by a home run by Allen.

Stack was effective. Packard had one bad inning, when he single, two bases on balls, an error and a double netted the visitors four runs. Two singles and an error in the eighth brought in Brooklyn's other run. Miller pitched first base in place of Daubert, who pitched the game with a weak ankle.

The score:.....00000000—0 0 0 Cincinnati.....00312100—7 10 3 Batteries—Fingling, Allen and Miller; Packard and Clark. Umpires—O'Day and Emsale.

Boehling's Record Broken.

Washington, July 29.—A base on balls to Shotton, a single by Pratt and a home run by Williams, all in the first inning, proved Joe Boehling's undoing in his attempt yesterday to establish a season's record for straight victories in the major leagues. After the first St. Louis got only two hits, but the three run lead was too much for Washington and the final score was 4 to 1.

Until yesterday, Boehling had a 21-1 record in the league, and his string of eleven straight stands as the American league record and ties that of the National, held by Alexander of Philadelphia.

Mitchell pitched airtight ball for the visitors and never was in danger. Austin scored the last run for the Sox. After being hit by a pitched ball, he moved up to base when Levan was hit and scored while Moran was throwing out Mitchell.

McBride scored Washington's only run. He reached first on Austin's fumble of his grounder, went to second when Henry was hit by Mitchell and scored a moment later on Boehling's single. Score:.....300000100—4 6 2 Washington.....00001000—1 1 1 St. Louis.....00000000—0 0 0 Batteries—Mitchell and Alexander; Boehling and Henry. Umpires—Ferguson and Connolly.

Pitchers' Battle.

Milwaukee, Wis., July 29.—Slapnicka and Rhoades engaged in a hot pitching duel yesterday, but neither was won by a score of 3 to 1. Gilbert's error gave the visitors a run in the second and they scored more in the eighth on a sacrifice bunt by Marshall which scored Jones and an error by Bratton which let Borg score. Both teams kicked continually on Hand's ball and strike each other. Manager Clark and Catcher Hughes of Milwaukee were chased off the field in the sixth. Score:.....00000000—3 5 4 Kansas City.....00010000—1 1 1 Batteries—Slapnicka and Rhoades; Marshall; Rhoades and O'Connor. Umpires—Hand and Johnston.

Indians Are Blanked.

Indianapolis, Ind., July 29.—A base on balls to Snodgrass, a single by Lanning, a stolen base, Livingston's overthrow of second and Getman's snout of the ball in center field combined to allow Stansbury to score the first run of the game for the Athletics. That Louisville won from Indianapolis,

## CALIFORNIA MEN VICTORS

Strachan and Griffin Winners in First Rounds of Tennis Tourney.

Neither Contender for Western Championship Met Serious Opposition.

Chicago, July 29.—Playing for the first time on grass courts, California's new pair of tennis stars, John Strachan and Clarence Griffin, fought their way through two rounds each in the Western championship yesterday at On-

tennis. Neither experienced serious opposition, though Strachan found more capable opponents than did his fellow-townsmen.

In Jerry Webber of the Wanderers' club of Chicago, Strachan almost caught a tartar, but after the opening game of each set he was returned victory, 6-2 and 6-3. Webber made a gallant battle, only to lose. The scores were 6-1 and 6-3.

Griffin defeated D. F. Wiley of Evanston in the opening match with practically no opposition on the part of the local man. The scores were 6-2, 6-0. Half an hour later Griffin's business-like style disposed of W. U. Knight of Minneapolis nearly as easily, 6-1, 6-1.

Kent MacNeil of Berwyn was Strachan's second victim, and in the second set he gave the San Francisco a hard battle, only to lose. The scores were 6-1 and 6-3.

Walter Hayes, local favorite for championship honors, found an easy opponent in William J. Hoppe of Chicago, winning 6-2, 6-0.

Harry Waldner, a veteran, won without much exertion from F. W. Copeland of Winnetka.

J. J. Armstrong, St. Paul, defeated Pierce Ward, Evanston, 6-2, 7-5.

F. C. Bailey, Philadelphia, defeated J. R. Dooley, Chicago, by default.

Morris L. Johnston, Lake Forest, defeated Edward M. Knox, Chicago, 6-2, 6-0.

Ralph Payne, Texarkana, won by default from S. S. Telwagon, Minneapolis.

W. U. Knight, Minneapolis, won by default from R. F. Van Arsdale, Chicago.

John W. Adams, St. Paul, defeated Preston Boyden, Winnetka, Ill., 6-3, 6-3.

P. A. Lindeman, Berlin, Germany, defeated R. E. Lester, Chicago, 6-1, 8-6.

C. O. Benton, Grand Rapids, defeated S. C. Hancock, Chicago, 6-2, 6-2.

A. Lindauer, Chicago, defeated J. B. Adoue, Dallas, Tex., 8-4, 4-6, 6-3.

Capt. W. C. Rogers, Fort Sheridan, Ill., won from R. N. Hamilton, Milwaukee, by default.

Strachan and Griffin, the San Francisco experts who were the stars of yesterday's play in the western tennis tournament, at Onwentsia, again were the center of attention today. They were among the six players qualified for the fourth round.

Both Californians have a fast service and lean on it through out the game. Despite the quality of the Westerners' game it is the opinion here that they will have to do better than they did yesterday to beat Walter Hayes, state champion, and his partner in the doubles, J. H. Winston. L. H. Waldner, another champion, and his partner as is A. J. Lindauer, who yesterday defeated J. N. Adams of Texas, one of the Southern doubles champions. Lindauer met Joe Armstrong of St. Paul

## BOTH ADMIT THEIR GUILT

Hibbing Young Men Accused of Larceny Propose to Take Medicine.

Plead Guilty Before Judge Hughes and Will Be Sentenced Later.

Hibbing, Minn., July 29.—(Special to The Herald.)—William Delahunt and Herman Herbert, the two young men arrested a week ago Sunday night for robbing the establishment of T. J. Godfrey here of several hundred dollars worth of goods, pleaded guilty in district court here today before Judge Hughes, to grand larceny in the first degree. The court deferred sentencing until Aug. 26, at the term of court in Virginia. Meanwhile the two young men are in the county jail at Duluth, and Assistant County Attorney Boyle will look up their records and report to the court. It is expected in view of their contrite attitude they will be given reformatory sentences.

Ed Boyle has on behalf of Oscar Finjal filed suit against the city for \$750 for personal injuries, the plaintiff having fallen from the high seat of a car. The suit was filed in the city court and is to be on a preliminary hearing.

## McLAUGHLIN FREED.

Man Alleged to Have Stolen Sawmill Out on Habeas Corpus Writ.

Grand Rapids, Minn., July 29.—(Special to The Herald.)—Thomas McLaughlin, who was arrested in Itasca county several months ago at the instance of J. Emerson Greenfield and held to the grand jury, has been released by Judge Stanton on a writ of habeas corpus. The grand jury failed to indict him and an effort was also made to indict him in Itasca county, but it failed. McLaughlin has a \$50,000 suit for false arrest and damages and a character pending against Greenfield.

## Mother's Friend in Every Home

Comfort and Safety Assured Before the Arrival of the Storm.

In thousands of American homes there is a bottle of Mother's Friend that has aided in the relief of many a sufferer through the trying ordeal, saved her from suffering and pain, kept her in health in the advance of baby's coming, and had a woman in developing a lovely disposition in the child.

There is no other remedy so truly a help to nature. It relieves the pain and discomfort caused by the strain on the ligaments, makes plant those fibres and muscles which nature is expanding and soothes the inflammation of breast glands.

Mother's Friend is an external remedy, and not only banishes all pain, but assures a speedy recovery for the mother. Thus she becomes a healthy woman with all her strength preserved to thoroughly enjoy the coming of her child. Mother's Friend can be had at any drug store at \$1.00 a bottle. Write to Bradford Regulator Co., 225 Lamar Bldg., Atlanta, Ga., for their free book. Write to-day. It is most instructive.

## FACINI'S BOND NOW FORFEITED

Fails to Make Monthly Provision Ordered and Is in Contempt.

Virginia, Minn., July 29.—(Special to The Herald.)—Judge Hughes has declared the \$250 cash bond furnished by Steve Facini forfeited and directed that a warrant be issued for his arrest charged with contempt of court in failing to observe the order of the court to appear for sentence. Facini was charged with a statutory offense, the amount of which was \$250. The court costs will be turned over at \$10 per month to Josephine Coleman who is the plaintiff in the maintenance of her child.

## Wife's Monthly

## RECOVERS BODY FROM ELY LAKE

Former Mayor Cosgrove of Gilbert Soon Brings Corpse to Surface.

Gilbert, Minn., July 29.—(Special to The Herald.)—Yesterday afternoon Mayor Cosgrove went to Sparta and searched for the body of Miss Annie Kren of Virginia, who was drowned Sunday afternoon in Ely lake. Mr. Cosgrove has had a great deal of experience in recovering bodies from the lake, and it took him only twenty minutes to recover the corpse out of thirty feet of water. He is confident he has recovered the body in time to have made it worth while to have attempted resuscitation.

This is the tenth body recovered by Mr. Cosgrove so far.

## CLERKS PICNIC AT TWO HARBORS

Big Time Expected Thursday if Weather Man Does His Duty.

Two Harbors, Minn., July 29.—(Special to The Herald.)—The Retail clerks will hold their seventh annual picnic here Thursday, July 31. A program of sports have been arranged by the committee and if the weather permits it will be a big day here. ## WOOD-RICE ROW ABSORBING TOPIC

Arrest of Former Warden for Police Interference Stirs Virginia.

Virginia, Minn., July 29.—(Special to The Herald.)—The Virginia story in Monday's Herald telling of the arrest of the former warden, George Wood, by the police of Ely, Minn., for alleged interference with the local officers created a big stir when the papers arrived here and the affair continues the absorbing topic as it is construed to be an angle of the police department. The trial of Wood is expected to be a strong partisan of the former officer. Wood is a native of Ely and is a well-known figure in the community.

Wood is said to have told police that for \$10 he could furnish a "stool pigeon" who would lead the police to a camp north of here and find out where some Indians are alleged to have been hiding. Wood was arrested on Monday while working under a car loaded with ore, when the door of the hopper dropped upon him, crushing his chest. He was taken to the Adams hospital in Hibbing where his injuries were found to be internal although not very serious.

## SECOND RICH NEWPORT WOMAN'S JEWELS STOLEN AT NARRAGANSETT PIER

Mrs. John Hanan Has Lost Gems Worth \$150,000.

Kept Theft Quiet to Prevent Disturbing Sick Husband.

More Valuable Jewels in Same Receptacle Left Untouched.

Narragansett Pier, R. I., July 30.—Jewelry worth at least \$150,000 was stolen from Mrs. John Hanan, the summer residence of Mr. and Mrs. J. H. Hanan, Friday night. The \$75,000 robbery in the home of C. C. Rumsey, son-in-law of the late E. B. Harriman, occurred on Saturday night.

Reports that the Hanans had been robbed were denied today, when Mrs. Hanan told the story of their loss. Mr. Hanan is seriously ill and has been kept in ignorance of the robbery. An unwillingness to disturb him influenced his wife to withhold the facts until this time.

The articles taken included a diamond necklace, a pearl necklace, two diamond-encrusted watches, a brooch and a pair of rare black diamond earrings surrounded by white diamonds.

A peculiar feature of the robbery was that some particularly valuable gems were left in the bureau drawer from which the others were removed. They could hardly have been overlooked, and this suggests that the job was a hurried one.

Mrs. Hanan seldom wears the jewels and would not ordinarily have had them at Narragansett. They had been brought over from New York at a time when she had expected to give her annual reception to Governor and Mrs. Potbury. The illness of Mr. Hanan made it necessary to cancel the function.

The jewelry was taken from Mrs. Hanan's boudoir a few moments after she had left the house to attend a reception. The loss was discovered within thirty minutes more than five hours after the theft. Three detective agencies have been working on the case since Monday morning, but no tangible clue has been found.

## CORPORATION OF REAL ESTATE MEN PLANNED

Winnipeg Meeting Will Launch Project With \$100,000 Capital.

Winnipeg, Man., July 30.—Final plans were completed today for the organization of the Real Estate Corporation, with members of the various real estate associations of large cities for stockholders, for the purpose of creating revenue with which to finance the National Association of Real Estate Exchanges, which is in session here. According to the plans, no stockholder can possess more than five shares. The committee announced that \$100,000 already had been subscribed and that the delegates today would be asked to subscribe the additional \$100,000 complete. The corporation estimated will be required for initial work and expenses.

A banquet is to be given tonight to the visitors by the city of Winnipeg. The host list includes some of the most prominent realty men of America.

**Will Expose Frauds.**  
Exposure of illegal operations of real estate firms is provided in a resolution adopted by the secretaries' association at the convention. The resolution, which was unanimously adopted, directs the secretary of each exchange to notify the national executive secretary of all honest transactions, that the members of the organization be kept fully informed of the activities of this class of dealers.

Before the conclusion of the secretaries' session the following officers were elected:  
President, Philip D. Wilson, Los Angeles; vice presidents, J. N. Evans, Winnipeg; E. L. Fane, St. Paul; L. D. Woodworth, Rochester; N. Y. Charles H. Emerson, Jacksonville; F. L. Woodworth, St. Paul; J. M. Michael, Cleveland, Ohio.

## LAST OF STEFANSSON PARTY HAS STARTED

Gasoline Boat Alaska Has Left Port Clarence Bay.

Nome, Alaska, July 30.—The gasoline boat Alaska, the last of the Stefansson's Canadian Arctic exploration ships, sailed from Port Clarence Bay last night, according to word received from Teller. The Alaska, which is in command of Dr. R. M. Anderson, Stefansson's chief lieutenant, who will have charge of the Southern party, which will explore Victoria island, was delayed by engine trouble.

## SING SING MUTINEERS GO BACK TO THE SHOP

Give No Sign of Renewal of Last Week's Disorder.

Ossining, N. Y., July 30.—One hundred and fifty-six rebellious convicts at Sing Sing prison who had been locked in their cells since the disorders of last week, went back to work today without a trace of their former insubordination. Warden Clarence believes there will be no further disorder.

## LOBBY HUNT GETS STORMY

Mulhall Is Asked About Council for Industrial Defense.

Cross-Examination Threatens to Lead to Clashes.

\*\*\*\*\*  
WASHINGTON, July 30.—It was reported here today, without official confirmation, however, that the former Congressman James E. Watson of Indiana, who figures prominently in the lobby charges of Martin M. Mulhall, had appeared before the Federal grand jury in connection with an investigation of Mulhall's story.  
\*\*\*\*\*

Washington, July 30.—Although Martin M. Mulhall, lobbyist for the National Association of Manufacturers, expected today to face the lawyers of the association for cross-examination, the senate committee continued its identification of letters.

Mulhall introduced a two-page list of organizations he said were members of the National Council for Industrial Defense, and affiliated with the manufacturers. There is a dispute as to the exact connection between the two organizations.

He swore he had personal relations with officials of about a dozen of the organizations named.

It was indicated that sessions of the committee may not be so harmonious when it comes to cross-examination of the witness. Senator Reed frequently came to Mulhall's aid.

Mulhall's last day as an identifier of letters proved the most exciting of his two weeks on the stand. He was called a liar and a blackmailer by Majority Leader Underwood of the house of representatives, and he swore that he had tried to get Chairman Wilson of the labor committee interested in the story he is now telling and that (Continued on page 4, second column.)

## NINE MONTHS AT HARD LABOR FOR MRS. RIGBY

Suffragette Wife of Prominent Doctor Is Sentenced.

Liverpool, July 30.—Mrs. Edith Rigby, a well-known suffragette, was sentenced today to nine months' hard labor for setting fire to the country residence of Sir William A. Barclay, at Rivington, Lancashire, on July 8, causing damage estimated at \$100,000.

## ARREST FORTY-FIVE ON GAMBLING CHARGE

Chicago, July 30.—In a raid today on a billiard hall in a small hotel on North Clark street, Chief of Police McWalter's recently appointed "posse" arrested forty-five men, one of whom, W. Egan, was charged with keeping a gambling house and the others with being habitués of the place. The police charge that two dice games were being run there.

## CIVILIAN IS WOUNDED BY MINE GUARD

Two Men May Not Survive Beating Received By Mob.

Series of Outbreaks Marks Strike in Copper Country.

Operators Are Asked to Consider Proposal for Conference.

## COPPER COMPANIES REFUSE TO DEAL WITH A UNION OF MINERS

Calumet, Mich., July 30.—(Special to The Herald.)—Acting under orders from their directing boards in Houston, the management of the mining companies of the Michigan Copper country today refused absolutely to consider the strikers or the Federation of Miners in the capital at Lansing.

This refusal was given at a conference held at the Huntington club, Huntington, between Gen. P. L. Abbey and staff for Governor Ferris and General Manager James MacNaughton of the Calumet & Hecla and General Manager F. W. Denton of the Copper Range Consolidated company for the management.

They are willing to talk with the men if the latter come to them as employees, but not as members of the union.

Governor Ferris has been notified of their refusal.

\*\*\*\*\*  
Calumet, Mich., July 30.—(Special to The Herald.)—A civilian was wounded by a sentry of the Sault Ste. Marie company at the Isle Royale mine last night, according to reports received at the headquarters and forwarded to Lansing. The soldier was struck by a stone and fired at the thrower, wounding him in the leg.

Archdeacon Arthur H. Lord, rector of St. James' Episcopal church, Milwaukee, formerly of St. James' church at Sault Ste. Marie, arrived here this morning and donated his uniform as major chaplain of the Third regiment. He will remain on duty as long as the troops are maintained here, which is likely to be for about thirty days.

The Federation of Miners claims to have enrolled nearly all the men in the district, though the claims are not borne out by the number of men actually working for the companies for work. The federation claims all mine workers of the Keweenaw, Hancock, Quincy, South Range and Isle Royale districts and 97 per cent of those at Calumet.

A crucial incident in the copper mine strike was scheduled for development today, the operators having been asked by Gen. P. L. Abbey to consider proposals emanating from Lansing that a conference between employers and employees be held in the governor's office.

The attitude of the companies, it was freely predicted, would be too friendly to the plan, inasmuch as the operators considered it would place them in the position of recognizing the Western Federation to at least some extent.

## HEAT KILLS DOZEN BABES

Torrid Wave Returns to Central West and Mercury Mounts.

Kansas Water Famine Is Aggravated By the Heat.

Cleveland, Ohio, July 30.—The death of one adult and twelve babies from heat and three prostrations which may prove fatal were reported here yesterday. The maximum temperature was 88 deg.

Colder in Chicago.

Chicago, July 30.—A lake breeze this morning brought relief from Chicago's hottest spell of the year. At 7 o'clock the thermometer registered 75 deg. At 8 o'clock it had reached 78.

The official temperature at 10 o'clock was 81 and slowly rising.

Yesterday on top of the Federal building the temperature was 99 deg., but in other sections it was 3 or 4 deg. hotter than that.

\*\*\*\*\*  
Iowa Records Broken.

Des Moines, Iowa, July 30.—Hot weather records for several years were broken here when the government weather bureau thermometer registered 101 deg. above zero at 1:30 o'clock yesterday afternoon. Burlington reported 110 deg. official, while Davenport's weather bureau registered 101.

Other points in the state reported similar high temperatures.

In Dubuque the government thermometer registered 99 deg. at 5 o'clock and in many factories there workmen were forced to quit work.

\*\*\*\*\*  
One Death in Zanesville.

Zanesville, Ohio, July 30.—One death and six prostrations from heat were reported here yesterday. Mrs. Mary Gabbert-Rietz, aged 40, a singer, was stricken while telephoning for a physician, and died a few minutes later. She was sister of Charles Gabbert of New York, a musical director and composer. Thermometers registered 102 deg. on the street level.

\*\*\*\*\*  
Breeds Modifies 25 Deg.

Quincy, Ill., July 30.—Quincy suffered its hottest day since Aug. 15, 1911, yesterday when the government thermometer read 105 deg. A good breeze, although hot, gave protection against prostrations, only one being reported.

\*\*\*\*\*  
Aggravates Water Famine.

Kansas City, Kan., July 30.—A water famine which is threatened in some parts of Central Kansas was aggravated yesterday by another severe heat wave which spread over the state. At Clay Center the maximum temperature was 107 deg., at Manhattan 105 was recorded, and in many places thermometers registered 100 degs. or higher.

## FORMER CARTOONIST ADMITS FORGERIES

Speed Atkinson Says He Signed Grandfather's Name to Checks.

St. Louis, Mo., July 30.—Speed Atkinson, 22 years old, a graduate of the Chicago Art Institute, confessed to the police here today that he had forged the name of his grandfather, James Carstarphen, United States surveyor of customs at St. Louis, to eight checks. He said he had realized \$400 from the forged checks.

Atkinson said he formerly worked as cartoonist on a Chicago afternoon paper and later played with a baseball team at Cairo, Ill.

Aberdeen, S. D., July 30.—A cyclone which swept a large section of territory five miles west of the city, did considerable damage to buildings and crops. A farmer was thrown forty feet from a wagon, sustaining serious injuries. No reports of loss of life have been received.

## TELLS STORY TO SENATORS

Ambassador Wilson Before Committee on Foreign Relations.

Gives Recital of Events in Mexico Since Diaz Resigned.

Washington, July 30.—Ambassador Henry Lane Wilson conferred with the senate foreign relations committee in executive session today, giving his views on the Mexican situation. It was evident that senators had been keenly looking forward to first-hand information from the ambassador. The conference began promptly at the hour set. Secretary Bryan was not present.

Ambassador Wilson, with a view to a chronological recital of his personal observations of the stirring events in Mexico beginning at the abdication of Porfirio Diaz and spoke at length of the downfall of Madero and the rise of Huerta.

**Few Questions Asked.**  
The committee was disposed to let the ambassador tell his story in his own way and for more than two hours he continued an almost unbroken narrative, interrupted only occasionally by a question from some senator.

Extraordinary inducements of secrecy were placed on all senators in the conference, but it was evident that the committee was listening attentively and that no disposition to cross-examine the ambassador developed, at least during the first part of the conference.

## TODAY IN CONGRESS

\*\*\*\*\*  
SENATE.  
Met at noon and resumed debate on tariff bill.  
Senator McLean charged Democrats with having broken their tariff promises, and attacked the bill.  
Senator Levin introduced resolution to authorize secretary of the treasury to withdraw treasury privileges from national banks which combined to depress Federal securities.  
Senator Pearson introduced a resolution calling on Secretary Bryan to report on treatment of Jews in Roumania.  
Postoffice committee indefinitely postponed action on Bryan resolution on assurance of postmaster general that he would not change parcel post regulations until thoroughly tested.  
Ambassador Henry Lane Wilson told foreign relations committee his version of Mexican situation.  
Lobby committee continued question Martin M. Mulhall on his letters.

## WANTS STATEMENT ON SEATTLE RIOTS

Representative Bryan Introduces Resolution in the House.

Washington, July 30.—Under a resolution introduced late yesterday by Representative Bryan of Washington, Secretary Daniels is asked to furnish the house a detailed statement of the recent attacks upon property of Industrial Workers of the World in Seattle by blueackets of the Pacific fleet, with the names of the enlisted men by blueackets and a statement of the proceedings to investigate the affair. The secretary also is asked to furnish a statement of losses sustained by granting reparations.

Bryan declared the object was to show that the attacks were not made by citizens of Washington, but by men in the government service.

## POSTMASTERS HEAR ABOUT POSTAL BANK

St. Paul, Kansas City and Oklahoma City Are After Convention.

Denver, Col., July 30.—St. Paul, Kansas City and Oklahoma City are in the race for the 1914 convention of the National Association of Postmasters now in session. Today's session was opened by an address on the "Postal Savings System," by Charles H. Fullaway, assistant director of the postal savings system.

By action taken yesterday 3,000 second-class postmasters were made eligible to membership in the association. A resolution proposing that all postmasters be placed under a new system was expected to be the center of a spirited fight before the resolution committee.

### GLOBE TROTTER MAY COME HERE

Is Trying to Circle the Globe in Thirty-Five Days.

Duluth transportation men are watching with interest the trip of John Henry Mears around the world. Mears will attempt to circle the globe in thirty-five days.

Since Jules Verne first sent his hero "Around the World in Eighty Days" in fiction many others have done it in reality and clipped time from Verne's record. The best record at present, stands at 39 days, 19 hours, 43 minutes, made by Andre Jaeger-Schmidt,

a French newspaper man, who traveled 19,400 miles.

Mears left New York Wednesday, July 2, and if his plans work out he will be back in 35 days, 21 hours, 35 minutes. He is representing the New York Sun. His route will be via London, St. Petersburg, Mukden, Fusan, Shimonoseki, Yokohama, Victoria, Seattle, Spokane, Minneapolis, St. Paul and Chicago.

The many different transportation companies he will use on his trip are interested in helping him to keep up his record. He will come from the Pacific coast by way of the Northern Pacific line and officials of that road are watching his progress with more than ordinary interest.

In English East Africa is the richest bed of soda in the world. Engineers say that it contains 200,000,000 tons. The lake has a surface of more than fifty square kilometers.

## LOVE'S FIRE REKINDLED

James Schuhe, Released From Prison, Remarries Former Wife.

She Forgives Past Offenses and Agrees to "Start Over."

Love's fire, which once burned brightly in the heart of Josephine Schuhe and later flared out when she was forced to face her friends and the world for the third time as the wife of a convict—an incident that drove her to the divorce court—has been rekindled.

James Jacob Schuhe, familiarly known to the Duluth police as "Jake Schuhe," and recently paroled from the Stillwater penitentiary, has won back the love of the wife who divorced him because he was wearing prison stripes. Yesterday afternoon in district court, he secured a license to remarry her.

When Schuhe walked up to the marriage license desk he told the clerk that he had been divorced and that since his release from the penitentiary he had looked her up. She forgave everything and consented to remarry him.

Schuhe exhibited a copy of the findings and order for decree made by Judge Ensign in district court last September in the divorce case brought by Mrs. Schuhe in which the court ordered a judgment for divorce and name, that of Josephine Casey. The court has never been entered on the records of the court, although ordered by the court. This is probably due to the inadvertence of the attorneys who handled the divorce case. However, Judge Ensign signed the order to the decree and the divorce is in effect.

Served Three Terms. Schuhe has spent the best part of the past ten years in the state reformatory. Shortly after his release he was sentenced to three years in the state penitentiary for a term of five years.

On his second release he soon fell into his old ways, and a few months later was convicted of a burglary and sentenced to three years in the state penitentiary.

On account of good behavior while in prison his term was shortened to five years, and a few days ago he was released from the prison a free man. He returned immediately to Duluth and looked up his wife. She was not so good and they decided to make another go of it as man and wife.

Mrs. Schuhe is now 40 years old and is 37. The first marriage took place in this city on July 1, 1901. They were married by former Judge of Probate J. B. Middlecott. Mrs. Schuhe was granted her divorce by Judge Ensign on Sept. 6, 1912.

Schuhe is a painter by trade. During the past few months he has understood that his wife has been living with his mother, who is a resident of this city.

LOVELORN NOW GO TO DULUTH

Couples Refuse to Stand Physical Test to Secure Marriage Licenses.

Applicants to marry in Superior are few and far between since the passage of the recent law requiring a physician's certificate of sound health before the permit can be granted. According to the clerk of court of Douglas county, the licenses have fallen off 90 per cent. Lovelorn couples now go to Duluth to get their licenses, carrying with them if necessary the minister to do the business. It is claimed that the men and women refuse to go through the necessary "red tape" to get the permit in their home county.

**WILL RUSH RECALL.** Socialists Will Appeal From City Attorney's Decision on Petition.

Despite the opinion of the city attorney that the time limit for filing the recall petition for Mayor Konkel has expired, the Socialists back of the movement intend continuing getting signatures to the petition, and will appeal to the court's final decision. The Socialists have only about three-fourths of the signatures required for the recall petition.

**Starts Suit for \$15,000.**

A suit for \$15,000 was started in the district court this morning by Annie Andrews, administratrix for the Stens Hucwaid estate, against the Northern Western Fuel company. The plaintiff is the mother of the deceased and holds the defendant company liable for the death of her son. She asserts that the company was negligent in not having a proper lookout on the dock No. 3 on Dec. 8, 1911, and that he died on Jan. 24, 1912.

BOATS ARE RELEASED

Run Aground on Point During Fog But Are Not Damaged.

Tugs went to the rescue of the barge Carrington, which, with the steamer James B. Nelson, went ashore on Minnesota Point near Oatka beach early this morning. The Carrington was run aground in the heavy fog. Both are of the Pittsburg line. The boats were observed by the beach patrol about 1:15. As they were overdue, the tugs D. T. Helm and the Minnesota went out to look for them before they were reported aground.

Harbor traffic was tied up last night because of the fog. The Gen. Garretson tried to get out about 9 o'clock but was forced to turn back. It was not until after midnight that most of the big boats got out.

**LUMBER BARGE IS RELEASED**

Sault Ste. Marie, Mich., July 30.—(Special to The Herald.)—The tug and lighter Reliance returned this morning with the lumber laden barge Eleanor, which went hard aground yesterday in Hay Lake on clay bottom. Efforts of the tug cabin to release her were ineffectual and the lighter was sent to assist.

The barge sustained no damage and she proceeded in tow of the steamer to her destination.

**BEGIN WORK SOON ON CHICAGO HARBOR.**

Chicago, July 30.—Work on Chicago's proposed new \$10,000,000 harbor will be begun in a few weeks, and it is expected that the substructure of the \$2,000,000 passenger pier to be built at the mouth of the river will be completed this winter, according to an announcement by members of the city's harbor commission.

The last obstacle to the improvement, which had been pending for several years, was cleared away when the city council appropriated \$500,000 to begin the work.

**Railroad Telegraphers Are Said to Favor a Walk-out.**

News dispatches from St. Paul indicate that the majority of the railroad telegraphers employed by the Northern Pacific railroad favor a strike.

Little is known of the situation here. Inquiry at the superintendent's office of the Lake Superior division failed to elicit any information upon the situation. It is stated here that nothing is known of the progress of strike preparations, if there are any, and that the telegraph operators will profess to believe that the difference between the telegraph operators and the railroad officials will be settled amicably.

**WANTS DIVORCE AND ALIMONY**

Although only one month has passed since Frank M. Hathaway, 41 years old, has absented himself from his family domicile, he finds himself a defendant in a divorce action brought on the grounds of desertion by his wife, Emma R. Hathaway, 32. Hathaway is a railroad conductor.

On her story that her husband deserted her on June 28 last and that since that time he has failed to provide for her support, Mrs. Hathaway is asking for a limited divorce and \$20 alimony. She also wants \$125 suit money from him, with which to prosecute the action. She claims that her husband earns a salary of \$160 a month and can afford to accede to her demands.

Inmate of County Hospital  
Believed to Have Com-  
mitted Suicide.

Left Hospital Friday—Body  
Is Found in Small  
Creek.

The body of William McLeod, 56 years old, was found at 6:30 o'clock yesterday afternoon in a small creek about a half mile from the county hospital, where McLeod had been ill the past few months. He had been missing since Friday, and it is believed that he committed suicide.

According to a report issued this morning by the officials at the county hospital, McLeod was admitted there on April 28 and was to have been discharged Saturday afternoon, having recovered from his illness. On Friday, however, McLeod disappeared and was not seen again by anyone at the hospital, until the finding of the body late yesterday afternoon. He did not say where he was going and it was believed that he had been taken to the hospital and the grounds that McLeod had left for the city. An incident of the kind happens occasionally and the man's disappearance was forgotten by the next morning.

Yesterday afternoon John Higgins and William Moore, inmates of the hospital, were walking through the woods in the vicinity of the institution when they saw McLeod's body lying in the creek. They carried the body back to the hospital and Coroner McComb was then notified by those in charge. The body has been taken to the Crawford undertaking rooms, where an examination last evening disclosed the fact that the man had been in the water at least four days. This explains his absence since last Friday, when it is believed he went to the creek and committed suicide.

McLeod had been a resident of Duluth for the past thirty-four years, having spent most of his time on farms near the city. He had suffered from a long illness for many years and was always cared for at the county hospital.

He was unmarried and is survived by a niece in Duluth and a brother, John McLeod of Dundas, Ontario. The latter has been notified of his brother's death and he is expected here sometime tomorrow to take charge of the body.

## LOBBY HUNT GETS STORMY

(Continued from page 1.)

Speaker Clark and Minority Leader Mann of the house had turned down an opportunity to conduct an investigation of the activities of the mine men. Neither McDermott or anybody else ever showed the Mulhall letters and papers," said Speaker Clark in a statement. "Neither McDermott nor anybody else ever spoke to me about them. I never knew that Mulhall had written them until I saw in a newspaper that he had sold them to a New York paper."

way tracks in the Calumet & Hecla shop yards, but the sentries aimed high and so far as could be learned no one was hit.

The men reported that groups of strike sympathizers were seen skulking in the shadows and throwing stones and bricks at the guardsmen. One of the missiles grazed a sentry's head and he fired in the air. A shower of stones and bricks followed and the other sentries discharged their rifles over the heads of the disturbers. The score or more of shots aroused the camp and frightened away the union pickets.

Two arrests were made at the Isle Royale of men who were charged with threatening the troops. That location promised to become a storm center, as it was thought that last night's wounding of a striker by a sentry had aroused the ire of the foreigners, who compose a big majority of the laborers.

**Looked Into Revolver.**  
A sentry at Col. Boucher's headquarters at Calumet reported a thrilling experience. He said he had turned at the sound of footsteps to find himself confronted by a man carrying a revolver. The sentry on the adjoining post saw the occurrence and covered the intruder with his rifle. The latter obeyed the command "Hands up" but failed to heed the succeeding "Halt" and dodged to safety down an alley.

**Some Sent Work.**  
During the night there were exchanges of shots between the troops and the miners. The latter were being pumped and were being taken care of by the troops. The miners were being pumped and were being taken care of by the troops. The miners were being pumped and were being taken care of by the troops.

The Calumet & Hecla mine company today called for about 200 men to go to keep double guards posted. The company is threatening these men with a fine of \$100 if they do not only by the troops, but also by a very large detective force, it is claimed, making close to 4,000 men on guard in the district.

These men and the troops exchanged shots last night at Calumet in the Hecla railroad yard and about the shops, but no one was hurt. The military and civil authorities are rounding up all the rioters, and about fifty arrests of suspected leaders, professional gunmen have been made. Charges of assault with intent to do harm, carrying concealed weapons and rioting are being preferred.

Alleged law work on the part of the sheriff's office resulted in the escape of the rioters with nearly a dozen North Kearsarge firemen yesterday. Superior and Isle Royale locations are right now under the most dangerous part of the district. There are no disorders reported today in Keeweenaw. In Ontonagon the mines are preparing to resume, and a detachment of troops will be sent to protect their workers. In Calumet the Red Jacket shaft of the Calumet mine and the Superior mine are being worked. A large crew will go underground here this morning to start clearing up in preparation for resumption of mining.

Conglomerate shafts Nos. 5 and 6 are raising water from their lower workings. The Calumet & Hecla shops will resume today with the men who want to go back to work, and the Calumet & Hecla railroad will be opened.

Gen. Abbey and staff this morning inspected the south end of the district. Two men seriously hurt. Serious fights between factions of miners under the superior mine on the south range and sluggings in various locations on the north end of the district zone occurred last night. The first serious injuries of the strike resulted from the Superior fight, in which two men of a party of ten were so badly beaten that there is little chance for their recovery.

Fears of Superior strikers that men from the Adair mine would place them there caused the outbreak. Ten men from the latter location had been sent to the Superior mine. Inquired about the prospects of a resumption of underground work, the way was blocked by the men of three converging parties of Superior men, and a great many shots resulted. Seven of the visitors escaped, but two were seriously cut and three were beaten into insensibility.

At North Kearsarge mine, Gust Olson, a powerful man, was beaten on his way home from work and required hospital treatment. He was beaten by four of his opponents, but succumbed to force of numbers. A sound of militia charged the attacking party but made no arrests.

Were Numerous Fights. Further north there were numerous fights, especially about the Mohegan location, where ten men had been conferring with the mine management were set upon as they left the mine office.

None of them was seriously injured, but additional troops were sent to that place by Gen. Abbey. Starting of pumps in the Calumet Hecla conglomerate properties of Calumet was accomplished under a heavy guard of Detroit infantrymen and troops last night. Additional guards were placed all about the shaft houses of the companies. Inspection of the underground workings by shaft bosses confirmed the expectation that a considerable task must be accomplished in freeing the levels from water.

White owners are said to plan strict adherence to the policy of ignoring the existence of the Western Federation of Miners.

"Even if the grass grows in the streets of every mining town, the Western Federation of Miners will never be recognized," said one company officer.

The strike will cost the federation \$150,000 a month if it lasts sixty days," was the estimate of one company president, and he added that the condition of the market was such that the companies could recoup losses much more rapidly than the union.

## WORK FARM BOARD MEETS

Arthur H. Grassweller Is  
Chosen President of  
New Board.

Members Will Choose Superintendent and Visit  
Minneapolis Farm.

Arthur H. Grassweller of this city was chosen president of the joint board of city and county work farm commissioners at its first meeting, which was held at the courthouse this afternoon. A. P. Sullivan of Hibbing was named vice president, and L. O. Walker, deputy county auditor was selected as the temporary secretary of the board.

The first business to be taken up by the new commission will be the selection of a superintendent. It was decided that the board would meet regularly on the first Monday of every month. The next meeting will be on Aug. 6.

It is very likely that before a set of working rules is adopted by the new commission that the members will visit the correctional farm at Minneapolis, which in point of efficiency is considered to be one of the best in the country. It is a city institution and is run on an almost self-sustaining basis.

The work farm site which was acquired this year by the city and county comprises 370 acres, located six miles and a half due west from the county courthouse on the Swan Lake road.

Charles J. Adams, special county counsel, administered the oath to the new commissioners this morning. The board consists of Arthur H. Grassweller, Mayor; James McGorick, Thomas Olson of Duluth; A. P. Sullivan of Hibbing and Fred E. Myers of Brainerd.

Brainerd, Minn., July 30.—(Special to The Herald).—To leave Brainerd a struggling art student and to return president of the American Art Association in Paris, France, is the record of a young man who has made a name for himself in the art world.

Thomas Congdon, a native of Brainerd, is a young man of about 25 years of age. He studied at the Art Students League in New York, and has since that time made frequent trips to Holland, Venice, and Brittany, where he spends his time painting. He is a member of the Parisian group known as the "Pommes de Terre" and is a student of the "Ecole de la Rue de la Harpe."

"I always have a feeling of friendship for Duluth," said Mr. Congdon. "I was born here, and I have spent most of my life here. I am proud to be a Brainerd boy, and I am proud to be a painter."

The "Music Master," Mr. Congdon, is holding a special election today on the question whether the city shall adopt a new charter. There are two candidates for the position.

## FARMING IN THE CITY PARKS

Superintendent Cuts Six  
Tons of Clover for City  
Horses.

Henry Cleveland, superintendent of parks, is the city's nearest official farmer. He has just finished haying and has put up six tons of clover for the team of the park department.

The clover was cut in several of Duluth's parks, and is said to worth about \$100. Mr. Cleveland said that several times that amount could have been cut this summer, but the lack of a valuable stable could not accommodate more than six tons. He asserts that the horses turn up their noses at the oats when both are placed before them.

## RAILING BREAKS; CHILDREN KILLED

Two Little Girls Are Dead  
and Brother Seriously  
Injured.

Pittsburg, Pa., July 30.—Sarah and Edith Ewing, little daughters of E. J. Ewing, were killed today when they fell from the third story porch of their apartment in the city. Their brother, John, was seriously hurt. The children were romping on the porch when the railing gave way.

## GOES TO CALIFORNIA ON SAD MISSION.

Felix De Coster of Oshkosh, Wis., who yesterday learned that his son, George, had died in Oakland, Cal., last Thursday and that the authorities there had been unable to locate his relatives, left this morning for the California city to obtain the body of his son. He will bring the body back to Oshkosh, where it will be interred. Mr. De Coster and his wife were visiting here and were on their way to Oshkosh, so that they were not notified of their son's death until yesterday.

## ASTOR ESTATE WILL PAY WISCONSIN TAX.

Madison, Wis., July 30.—The John Jacob Astor estate of New York will pay \$418 in inheritance taxes to the state of Wisconsin within a few days, Tax investigator John Harrington has had the matter presented in the county court of Dane county and the final order will be issued in a few days.

The tax is in connection with the transfer to William Vincent, son of the late John Jacob Astor, of a large tract of land in Wisconsin. The transfer is in accordance with the provisions of the will, of preferred and common stock in a railroad incorporated under the laws of Wisconsin.

According to an official announcement, ten of the twelve independent match factories in Sweden, which have remained outside the so-called Swedish match trust, the Jönköping och Vänersborgs matchfabrik, are now to be formed into a single corporation to be known as Aktiebolaget Forenaden Svenska Tandsticksfabriker.

## MAY BUILD WOOLEN MILL

New Company Headed By  
P. G. Brown to Handle  
Woolen Products.

Mr. Brown Resigns Position  
With Patrick Company  
to Take Charge.

The formation of another woolen mill company in Duluth is the forerunner, it is claimed, of the erection before a very great while, of another large woolen mill here, thus adding to an already established local industry, an important factor.

officers are: President, Phillip Gordon Brown; vice president, William White; secretary-treasurer, J. P. Wittenberg; directors, Dr. C. F. McComb and Victor Wittenberg. Mr. Brown had just resigned from the F. A. Patrick company, to head the new concern.

This new firm will have an office here, and for the present will handle the products of the Cedarburg Woolen mills, which have been operating for fifty years at Cedarburg, Wis. Eventually the Minnesota Woolen Mill company will build in Duluth specializing in all-wool blankets, and will push its sales all over the continent.

### CAMPAIGNER FROM CHICAGO

#### Temperance Societies Will Join Hands to Support Hicken Ordinance.

For the purpose of getting the co-operation of all temperance societies and church organizations in the support of the Hicken ordinance, a referendum vote is now being prepared, local independent Good Templar lodges are making arrangements for bringing C. C. Rankin of Chicago to the city to handle the campaign.

A. C. Rankin will be remembered by many of the citizens as the man who assisted in the Pure Morris congressional campaign in this city in 1904 which resulted in the defeat of Charles A. Towne. He gave a number of speeches in the city, the principal one of which was at the street car barn. Mr. Rankin spoke recently at the I. O. G. T. picnic at Lincoln park.

It is proposed to have Mr. Rankin spend a week in the West end, one week in West Duluth and two weeks in the central part of the city. The primary purpose of bringing him to the city is to arouse interest for prohibition and boost the membership of the temperance organizations.

Mr. Rankin is at present spending a week at Two Harbors in a similar campaign. He will spend a week or two at Cloquet and Carlton as well as some time at Proctor. His arrival in this city will be about as late as he will be here during the heat of the campaign.

#### Annual Picnic.

The Sunday school of the Swedish Mission church of the West end and the East End Mission will picnic to-

morrow at Fond du Lac. The children will take the steamer Columbia at the Twenty-first avenue dock at 9:30 a. m.

A program of sports and games is being arranged under the direction of the superintendent of the schools and Rev. J. J. Daniels, pastor of the West end church. It is expected that about 100 young people will attend the picnic.

#### REPAIRING PAVEMENT.

Public Works Department Relaying  
Tar Macadam on West Superior St.

The city public works department is repairing the pavement on Superior street between Thirteenth and Fifteenth avenues west. The tar macadam which has become badly worn and has a number of holes in it, is being relaid. The street will be given another layer of tar macadam and crushed rock.

Similar work was done on this street between Thirteenth and Twenty-first avenues west two years ago. At that time, the city spent \$12,000 in making the repairs. Many parts of the thoroughfare are said to be in as bad a condition as before.

It is proposed to repair one side of the street first and then the other, in order that traffic on the thoroughfare may not be greatly interfered with. About \$6,000 will be spent on the work.

#### Milk Station Popular.

The sanitary milk station maintained by the city health department at the Monroe school, Twenty-sixth avenue west and First street, is proving popular with people residing in that vicinity. The station was opened on July 1. Since then an average of twenty-seven quarts of milk daily is being sold. The milk is being sold in bottles at 7 cents a quart.

#### Meeting Postponed.

The meeting of West end men, interested in organization of a West

End Fish club, was postponed last night until early next week. The purpose of the club is to further the interest of fishing who wish to see that the game laws are lived up to. About twenty men of the city have presented their names as prospective members.

#### PUBLIC MARKET PLACE WILL OPEN SATURDAY.

The Dramatic Society of the St. Jean Baptiste French Catholic church will present a four-act drama, "The Wanderers," at the St. Jean hall, Twenty-fifth avenue west and Third street, this evening. Ten characters will take part in the play, which will start at 8:15 o'clock. Those who will take part are: Emilie Morin, Ed. Grignon, Joseph Robitaille, Zephir Deslauries, George Sauve, Fred Blum, Mrs. Ed. Sauve, Miss Anna Archambeau, Miss Gretchen Searle and Miss Minnie Hart.

#### Will Present Drama.

Three farmers from the Herman-town and Adolph district, who appeared at the West end public market this morning, found no difficulty in disposing of all the produce they brought. The popularity of the place is rapidly growing, showing that when the season is in full swing an immense amount of produce will be disposed of at this market place.

The market will officially open on Saturday. It is then expected that every stall provided will be filled. Members of the West End Commercial club have planned a reception for the gardeners to take place during the forenoon.

#### Supper at Park.

St. Luke's Guild of St. Peter's Episcopal church has planned to serve supper to its members and friends at Lincoln park tomorrow evening at 6 o'clock. The supper will be at 6 o'clock. Those in charge of the arrangements are: Mrs. T. E. Halford and Mrs. Thomas.

#### West End Briefs.

Mrs. Lawrence Konecny, 2405 West Fourth street, is spending three weeks visiting relatives at Pine City.

Mrs. A. Meyers and Misses Edna and Cora Meyers of Twenty-fourth avenue west have left for a month's visit to relatives in Norway. Harold Rustad, 2402 West Fourth street, is spending a few days in Chicago on business.

Mrs. Glenn Scott and daughter, Miss Dorothy Scott of Minneapolis, who have been guests at the home of Mrs. Oliver V. Kurker, 510 West Second street, have returned home.

Paul Giffert of Reedsburg, Wis., has returned home after spending a few days at the home of J. H. Laubach, 303 Twenty-second avenue west.

Mrs. Charles Baxter and two children, Marian and Donald, 2619 West Fourth street, and Mrs. B. A. Smith, 2619 West Fourth street, are spending a week at Solon Springs.

Mrs. S. C. Bates of Virginia has returned home after spending a few days visiting her sister, Mrs. H. F. Ames, 101 Devonshire.

The Ladies Aid Society of the Swedish Mission church was entertained this evening at the home of Mrs. E. E. Ekholm, 2105 West Third street. Mrs. Victor Fredrickson assisted the hosts.

Mrs. T. Bardley and Mrs. J. Dryden are visiting Mr. and Mrs. H. A. Bardley of Winnipeg for a few days. Mrs. Dryden will go from there to Portland, Or., to join her husband.

Will build you a new house at West Duluth on very easy terms. See us for good for a short time. See us, N. J. Upham company, 714 Providence building.

### EVERY MAN AN INSPECTOR

Commercial Club Committee Has Plan for Checking  
Up Contractors.

The street improvement committee of the Commercial club has evolved a plan for closely checking up public improvements as they are being made. The intention is to have each property owner act as an independent inspector on the work which is being done on the street in front of his property. Whenever notices that anything is being done of which complaint should be made, is requested to mail a post card to Mr. J. Atwood, chairman of the club's committee. Cards already addressed will be sent to all property owners affected by improvements now under way in various parts of the city.

In this way the committee expects to get the complaints which are being made under way, when they may be given attention before it is too late. In the past many complaints have been made after the work has been finished. Commissioner Murchison, head of the division of public works, approves the plan outlined by the committee.

### STEEL REPORT IS BEYOND ESTIMATES

Earnings and Net Income  
Are Above Those for  
Last Year.

New York, July 30.—The quarterly statement of the United States Steel corporation for the three months ending June 30 last, is altogether satisfactory in that total earnings amounting to \$41,219,813, and net income of \$13,200,611, were well in excess of the most favorable estimates.

The quarter shows a gain in total earnings over the preceding period of \$6,024,556, and in net income of \$1,165,885, while the surplus is increased by \$6,208,238.

Compared with the corresponding quarter of 1912, total earnings are increased by \$16,117,648, net income by \$13,491,811, and the quarterly surplus by the unusually large sum of \$13,200,611, that item a year ago having amounted to \$2,613,433.

The statement shows the largest total earnings of any similar period since the quarter ending Sept. 30, 1907, when that item aggregated \$43,804,255, and net earnings, as net income was then known, amounted to \$25,095,105.

Analysis of the last quarter shows that May was the most active month, with April the quietest. The usual quarterly dividend of 1 1/2 per cent on the preferred shares and 1 1/2 per cent on the common was paid. These items involving an outlay of \$12,658,700.

#### AFTER JOY RIDE RECORD.

Detroit Man's Chauffeur Arrested in  
Kansas City, Mo.

Kansas City, Mo., July 30.—William Campbell, chauffeur for Abraham Green of Detroit, Mich., was arrested here last night charged with having stolen his employer's motor, which he had driven through all the principal cities of Ohio, Indiana, Iowa, Missouri and Illinois before he was apprehended here.

It was after the long distance joy ride record held by Ralph Raynor of this city, who ran a stolen car from

here to the Atlantic coast," Campbell said, "and I would have beaten him if the representative of each power, who were exhausted when he arrived at South Bend, Ind., but two men he met there who wanted to accompany him on the trip with me and gaso-line for the remainder of the trip."

### POWERS DECIDE ON ALBANIAN STATUS

Will Organize Government  
and Put Some Prince  
in Charge.

London, July 30.—The ambassadorial conference has settled the status of New Albania. A prince will be nominated six months hence to rule over the new state. In the meantime a commission of control, composed of one representative of each power, will organize the administration with the aid of a Swedish officer of the gendarmerie.

The conference has done nothing officially in the direction of coercing Turkey. Greeks still are operating by sea and land. A correspondent with the Greeks says that their losses in the battle for possession of the Kresna defiles were 2,500 men killed or wounded.

### STERLING LEADS FIGHT ON COFFEY.

Washington, July 30.—The appointment of James Coffey as general and issued instructions for North and South Dakota has been held up in the Senate. Senator Sterling led the fight against Coffey and prevented his confirmation in an executive session that lasted nearly an hour.

### TELL ART PLAN FOR THE PANAMA CANAL.

Washington, July 30.—A monumental legend, written in great letters on the face of Cuba, cut and telling the history of the building of the Panama canal, is the central feature of the plan of the commission of fine arts for beautifying the canal. The commission's report has been sent to the senate by President Wilson.

### ATTERBURY AND SMITH WILL ACT.

New York, July 30.—W. W. Atterbury, vice president of the Pennsylvania Railroad company, and A. H. Smith, vice president of the New York Central & Hudson River Railroad company, have been appointed by forty-two Eastern railroad managers to represent them in proceedings to settle the long-standing dispute over the Newlands amendment to the railroad law.

The undersigned, trustee of Joseph Kennedy, will act as public auctioneer for the highest bidder, for cash, all the stock, goods, and merchandise, pool tables, furniture and fixtures, dining-room furniture and kitchen utensils, and all personal property owned and used by Joseph Kennedy, and now being in the building known as the Metropolitan Hotel on Lake Avenue South, City of Duluth. The sale is to be made in entirety or separately as to the bar fixtures, restaurant fixtures, and pool room fixtures. Reserving to myself the right to reject any or all bids. Such sale to be made on Thursday, July the 31st, at ten o'clock A. M., on said hotel premises.

L. S. LOEB, Trustee.

### M'REYNOLDS THEME OF TALK IN HOUSE

Clayton Says He Is Subject  
of Attacks By Special  
Interests.

Washington, July 30.—Vigorous criticism and determined defense of the attitude of Attorney General McReynolds and the action taken in the case of the white slave cases marked five hours of political debate in the house today. Representative Kahn of California declared that "insidious political influences" had something to do with the postponement of the cases in California, and Chairman Clayton of the house judiciary committee, in a spirited defense of the attorney general, said the attacks growing out of the McReynolds case were a part of a general "conspiracy of the special interests to discredit a honest public official."

Chairman Clayton declared that the "special interests" were instigating the attacks on the attorney general and that he was determined to put into

## SUCCESSFUL CURE BY FREE TREATMENTS

**CONSUMPTION OF GLANDS**  
I am suffering from tuberculosis of my chestbone and of the glands where I had running sores for many months, and all the medicine, all the other doctors had given me did not help. I have treated only for a few weeks with the Electro Medical Doctors, and have improved so rapidly that I really think their method of treating my disease is simply wonderful. I am sure that I will be healthy again in the near future. I can not recommend the doctors high enough.

### FEELS LIKE NEW MAN

Duluth, June 30, 1913.  
I have been suffering from Rheumatism and had taken medicines for it for seven weeks, but nothing did help me, till I went to the Electro Medical Doctors.

I had only taken two treatments that made me feel like a new man, though I will not say that I am cured, but it is a wonderful thing to feel like a new person after only the first two treatments.

It is one thing to make soda  
crackers that are occasionally  
good.

It is quite another thing to  
make them so that they are  
always better than all other  
soda crackers, always of un-  
varying goodness.

The name "Uneeda"—stamped on  
every biscuit—means that if a million  
packages of Uneeda Biscuit were  
placed before you, you could choose  
any one of them, confident that every  
soda cracker in that package would  
be as good as the best Uneeda Biscuit  
ever baked. Five cents.

Invitation  
TO HOTEL MEN

Lee Urges Them to Join  
Association and Visit  
Duluth.

A strong appeal to hotelmen of the  
Northwest to join the Northwestern  
Hotel Men's association has been sent  
out by Edwin H. Lee of the Spalding

hotel, president of the Duluth Hotel  
Men's association, and an official of  
the national hotel men's body.

The eleventh annual convention of  
the Northwestern association will be  
held here Aug. 18, 20, 21 and Mr. Lee  
sends an invitation to hotel managers  
in Iowa, Minnesota, North and South  
Dakotas, and Nebraska to come to Du-  
luth.

The value of organization to the  
hotel men is set forth in Mr. Lee's let-  
ter. He urges them to get together to  
oppose adverse legislation and to put  
the hotel business on a plane where it  
belongs. He asserts that with a  
strong organization the hotel men can  
protect themselves from being in-  
cluded in legislation that is intended  
to regulate disreputable saloons and  
"blind pigs." He asks the hotel men to  
work together for uniform hotel legis-  
lation in all the states of the Union  
that will give the hotels a "square  
deal."

Mr. Lee would have the word hotel  
defined so that no rooming  
houses and disreputable places could  
not hide behind the name and bring  
the others into disrepute.

"The hotel is a big home," said Mr.  
Lee, "and we want to operate just like  
any other big home would. A good  
hotel keeper is simply a good house-  
keeper."

**Wife Did Not Sign Mortgage.**  
Judge Dancer yesterday ordered judgment for the defendant in the law suit brought by John A. Sundstrom against A. E. Timms and Ida Timms, homesteaders near Hibbing, in which the plaintiff sought to gain possession of the homestead on a mortgage foreclosure. Timms set up the defense that his wife had not signed the purported mortgage, and that the homestead was common property.

**Fires Notice in Court.**  
In district court yesterday afternoon, Charles E. Keller, state fire marshal, filed a notice which had been served on Joseph E. Davies, Mary Davies and Jennie D. Thorne, owners, and William H. McCullough, Samuel Silverman and Robert Blackwood, lessees of a building at 27 West Superior street, directing that the structure be razed within thirty days.

**Hill of Honor.**  
Those who contributed to the \$2,000 fund recently raised by the Y. M. C. A. for a handball court, since donated to the roof of the building, have been placed on the honor roll and their names will be fittingly displayed in a permanent way in the new courts. There are 105 names in the list.

**Card Party.**

**Elevator Operators.**  
Held ninth annual ball at Lincoln pavilion to-morrow night.

**Was Driving Recklessly.**  
Charles Fitzgerald, 27 years old, was arrested yesterday afternoon on a charge of driving his automobile recklessly through the streets. He pleaded guilty and was fined \$15 and costs or fifteen days. He paid the fine.

**Placed Under Parole.**  
Edward O'Rourke, who pleaded guilty yesterday morning to a charge of larceny in the third degree, was yesterday afternoon given a straight sentence of thirty days in the county jail. He will be placed under parole, however, for one year. O'Rourke was charged with cashing a check, after he had no funds in the bank.

**Stole a Mackinaw.**  
Paul Sashie, 20 years old, who was arrested last evening on the charge of stealing a Mackinaw on June 24 from Orville Ryan, pleaded guilty when arraigned in police court this morning. He was fined \$10 and costs or thirty days in the county jail.

**Was "Telling Gun."**  
George Jones, 41 years old, colored, was arrested by Officer Monahan this noon for carrying concealed weapons. Jones is claiming to be a peddler of a shop and attempted to secure a loan on a large revolver this morning. The latter notified the police and the arrest of Jones followed.

**Tourist Boats Duluth.**  
J. A. Fulton of Bellefontaine, Ohio, is here "seeing" Duluth. His sister, Miss Francis Fulton, was here last week with a party of tourists and enjoyed her visit so much that she insisted on her brother's coming here. Mr. Fulton registered at the Grand information bureau and asked to be sent over the scenic routes that his sister had taken.

**Wanted Stenographer.**

**Reception of Chancellors.**  
At a meeting last evening, North Star lodge, Knights of Bellefontaine, made plans for the reception of the chancellors or commanders of the order of the lodge in St. Louis, Lake, Cook and Carlton counties, Minnesota, and Douglas county, Wisconsin, at the annual convention on Aug. 5, 1913. The lodge was visited by Brother J. W. Marks of Wagonetown, Ind.

**Married in Court.**  
Judge Gilpin in probate court yesterday afternoon officiated at the marriage of Lawrence Sackman and Miss Minnie Schrick. Both of the contracting parties are residents of Duluth, Minn.

**Returning From Alaska.**  
Arthur F. Reese of Bivabik, Minn., is a guest at the Spalding hotel today. Mr. Reese is on his way home after spending the past three years as a prospector in Alaska.

**New Land Company.**  
Articles of incorporation were filed with the register of deeds yesterday by the United States Steel Land company of Duluth. The capital stock of the new concern is given as \$50,000, divided into 500 shares at \$100 each. The incorporators are Fritz John, John L. Ames and N. F. Davis, all of Duluth.

**Taken to Reformatory.**  
John Burke, Jr., the 18-year-old boy who was recently sentenced to St. Cloud for a term not to exceed seven years on the charge of indecent assault on the person of a 13-year-old girl, was taken to the state reformatory yesterday by George King, deputy sheriff.

**In Probate Court.**  
Johanna Berkland of Northland, the daughter of Andrew Johannes Berkland, homesteader, who died nearly six years ago, filed a petition in the probate court for a decree determining the descent of land left by her father. Several heirs are to be determined by the court. Berkland died leaving a homestead of 160 acres in section 24, 52-17. He is survived by a widow, eight children and two grand children, who will share in the estate as children of a deceased daughter.

**Accepted as Recruits.**  
William Karinen and Archie McIntyre have both been accepted at the local navy recruiting station and tomorrow will leave for Minneapolis this evening, while the latter will leave in a day or two. Karinen is from Calumet and McIntyre from Manistique, Mich.

## COLLEGE DAY OPEN TO ALL

Every Undergraduate or Alumnus in the Northwest Is Invited to Take Part in Reunion.

Every college man or woman in Duluth, Superior, the range towns and the Northwest is invited to participate in the third annual college day reunion and carnival to be held Saturday, Aug. 3, at the Oatka branch of the Duluth Boat Club.

The officials of the boat club are making all efforts to reach every college man or woman in this vicinity. Invitations will be sent out by the club within a few days to the college men and women, but those not receiving these formal requests to attend the festivities are especially urged to take part. There are many college men and women here whose names are not known to the boat club officials and it is for this reason alone that they may be overlooked when the invitations are sent.

The older college men and women are especially urged to come out and mix with the younger people, who will do everything in their power to make this day an enjoyable one.

Dr. and Mrs. G. Herbert Jones, who are in charge of the arrangements, are anxious to meet any of the college people and talk over suggestions for the parade or "pique," which is to be a feature on the grounds of the boat club. Each college is urged to get its men together and prepare stunts for the "pique" and to start working on

them as early as possible. The booths and stands at the club will all be erected by the officials of the club, while the decorations must be put up by the college men.

The tentative plans for the day have already been arranged, these including the parade at 3 o'clock, the line of march starting in front of the Spaulding hotel; the "pique" on the club grounds at 4 o'clock; lunch on the grove at 4 o'clock; foot races at 7:30 o'clock along the beach, and the bonfire and yell at 8:30 o'clock.

This afternoon the college women of Duluth are meeting at the Spaulding hotel for an informal tea, after which the plans for college day will be discussed. The various stunts to be conducted this year by the women will be arranged during the meeting.

## OLD SUGAR TRUST IS REORGANIZED.

New York, July 30.—The official reorganization of the American Sugar Refining company was completed by the election of the following officers: President, Charles H. Allen; chairman of the board of directors, Edwin F. Atkins; vice presidents, W. B. Thomas and George H. Frazier.

## DOWNFALL OF LAUTERBACH

Rise Began With His Marriage and Ended With His Divorce.

Is Now Associate of Lamar, "the Wolf of Wall Street."

New York, July 30.—This is the story of the rise and fall of Edward Lauterbach, once one of "the big four" of the Republican party in New York, widely known as an attorney, master of finance, art connoisseur and philanthropist, and now, as shown by the testimony before the senate lobby investigation, the associate of David Lammor, the self-styled "wolf of Wall Street," and one of the "wolf's party of schemers."

Lauterbach is credited with having made himself a fortune in many ways in New York and charged with having caused his own ruin. He is now, however, a rising star again, when he was married and his decline started when his wife divorced him.

Out of the haze of obscurity came Lauterbach. His father was Solomon Lauterbach, his mother Anna. He was born Aug. 12, 1844, in this city. He went to the city of New York, where he was first employed with the firm of Townsend, Drynt & Morrison. He progressed until in 1877 he became a member of the firm of Hoadley, Lauterbach & Johnson. Many important law cases came his way. He grew rich.

### A Part in Politics.

He was a director in many corporations. At one time he was president of the Alabama Great Southern railway, one of the chief links in the southern system. In the Emigrant Aid society, the Society for Ethical Culture, the Hebrew Benevolent and Orphan Asylum, the Hebrew Technical Institute and many other organizations he was a worker and officer.

Lauterbach was one of the state's big four at the national convention that named McKinley at St. Louis. He was chairman of the Republican county committee and in 1898 was a candidate for the United States senate to succeed Senator Murphy.

He became the right hand man of Boss Platt, only to be sidetracked when he fought his chief and Lemuel Ely Guise, the Lauterbach acceptor. In all of the political events of his party and his time he had a part and a voice. He championed the cause of the Jews at all times, sought to relieve their poverty and distress at home and abroad, and in many ways earned the gratitude of many people who will never forget his goodly acts in the mass of condemnation he has brought upon himself.

**The Decline of His Prestige.** The decline set in during the year 1908, when Lauterbach's son, Alfred, was killed in a motor car accident while crossing a bridge in Westchester. Lauterbach had married, in his days of poverty, Amanda Friedman, who had saved a dot from her household expenses. She was a woman of grace in the days when she came to her home.

Shortly after the death of the son friends of the family heard that Lauterbach and his wife had separated and that the home at 761 Fifth avenue no longer contained the family. It soon developed that the family split upon the question of suing the New Haven road for killing the son. Upon the details of the suit the husband and wife quarreled and she finally filed suit for divorce, charging him with infidelity with women of questionable character, with cruelty and with failure to provide. That suit brought the beginning of the end to the Lauterbach career. Likewise it injected into the story the name of a woman who occupied a high position and who was said to possess millions.

**Divorce Papers Sealed.** The divorce was granted in 1911 and the court ordered the papers sealed. But the wife made public enough charges to make talk and to throw a new and strange light upon the career of the man she sued. She charged that she took him as an uncouth young man to whom her family objected; that she lent him the money she had saved from her father's household; that she taught him the ways of polite society.

A year after the divorce Lauterbach indignantly denied that he had sustained friendly relations with Mrs. Philip Van Valkenburg, widely known as the "ten million dollar widow." Mrs. Van Valkenburg, who lived at the St. Regis, was being sued for a picture that Samuel J. Wolf, an artist, had painted. Lauterbach was a witness, and Alexander Strousse, counsel for the artist, asked Lauterbach to explain his relations with Mrs. Philip Van Valkenburg.

Papers toasted the lawyer for his defense, in heated fashion, of the woman of fashion and means. Later it was stated that Philip Van Valkenburg had named Lauterbach in some way in a divorce suit he had had in doubtless a successful proceeding in which each of the Van Valkenburgs sued the other.

The truth concerning these matters was never made public.

## FLYING WILL BE POPULAR SPORT

Aviator Tony Jannus Says Duluth Is Pioneer in the Use of Flying Boats for Pleasure—Answers Some Common Questions.

Tony Jannus, the young aviator who has been in Duluth giving exhibition flights for the Lark of The Lake committee, was speaking yesterday of some of the common questions that are asked him and the answers he predicted that flying would become a popular sport in Duluth.

"Naturally there are some questions which nearly everyone asks me," said Mr. Jannus. "There are some things which appeal to the curiosity of almost every person who sees a flying boat. I have set down some of them here, and the answers to them: Some aviators would perhaps call them 'fool questions' but the questions that the average person asks. Aviators may get tired answering the same questions over and over again, but that is no reflection on the intelligence of the person asking them. Here are some of them and the answers:

"Why do you like flying?" "Well, it's as much a game of wits as chess, as much exercise as motor-ing and much more exhilarating than any sport. There is no dust, your pneumatic support is better than any automobile tire and as long as a flyer keeps over water there is always a place to light."

"What would you do if your motor stopped?" "Why, fall down upon the water just as a bird does when he quits propelling by flapping his wings."

"Is it not true that this can also be done with the ordinary land flying machine?" "Yes, but there is not as likely to be

a smooth field under you. From a great height fences, ditches, and hills are not visible. The aviator volplanes until he is ready to land then discovers the ground is bad when it is too late to sail to another place and there is a smashup. But the flying boat only needs a few inches of water to light upon."

"Isn't the usual passenger very nervous on the first flight?" "No, the first few observations are disappointing. A machine, in experienced hands, is such a wonderfully capable thing, rises so gently, careens around so gracefully and easily that even at great heights passengers do not become alarmed. The sensation seems to be amazement rather than fear. My darling's first remark was to the effect that he hadn't felt the slightest uneasiness at any time during his long trip. Julius Barnes made his first flight with me when it was mostly dark. I was just able to dodge stakes, dredges and other obstructions in the harbor. This flight was very trying for me and I did not expect him to enjoy it. But the trip to Spirit Lake and return was quite a different thing and did not cause any uneasiness."

"What are your impressions of Duluth as a flying boat town?" "Bill Jones' order for a flying boat was the first one placed by a sportsman in this country. Sportsmen have owned land aeroplanes and aerobiplanes but the 'Lark' is the first flying boat. It seems to me that the popularity of this sport is sure to increase rapidly. The flying boat was developed entirely for the sportsman and Duluth has only been as progressive in sport as it has in many other ways. The only slight more pleasing than one flying boat adorning the sky is a whole fleet of them. Next year we'll kill the noise and we hope to have a whole flock of Larks' here."

## SEYER MEETS FRISCO OFFICIALS.

St. Louis, Mo., July 30.—After an all-

day conference with the receivers of the Frisco railroad, James Speyer, the New York financier who marketed the road's stocks in million dollar blocks, left for the east last night leaving local railroad circles none the wiser as to what transpired during his meeting with the officials.

Speyer negotiated the sale of Frisco stock to French financiers, who were said to have been highly displeased when the road was put in the hands of receivers.

## NEW LAWS IN EFFECT AUG. 1

Several important laws passed by the 1913 legislature will go into effect Aug. 1. One of the chief measures to become effective at that time will be the law reorganizing the department of labor. The department will be reorganized on a civil service basis.

Other laws going into effect Saturday are the following: Law requiring physicians to report occupational diseases to the commissioner of labor; law repealing all standing appropriations and requiring heads of departments to make complete budget every two years; law regulating the manufacture and sale of oleomargarine; law establishing an employment agency for the blind; law creating a department of public examiner.

On Oct. 1 the workmen's compensation act will become effective.

## RUSSIAN PAPER MUST PAY DUTY.

Washington, July 30.—Secretary McAdoo announces that wood pulp and paper will not be admitted free of duty from Russia under the "most favored nation" treatment, the treaty of commerce and navigation between the United States and Russia having been abrogated.

The customs court recently decided that European countries with favored nation treaties with the United States were entitled to free wood pulp and paper, because that provision was granted to Canada. The treasury department has accepted that principle, but for the time being will apply it only to Norway, Austria-Hungary and Germany, which, aside from Russia, were the only countries directly involved in the decision.

Secretary McAdoo has asked Secretary Bryan to ascertain whether Sweden, Belgium, Finland, Newfoundland, England and Denmark are entitled to free entry by virtue of their treaty

rights. Wood pulp and paper come from all these countries, but as they were not specifically mentioned by the court, the state department is asked to decide whether they came within the purview of the decision.

In view of the abrogation on Dec. 31 last of the treaty of 1832 with Russia, wood pulp and paper importations from that country since that time will be assessed duty. Acceptance of the customs courts decision ultimately will result in the United States surrendering \$3,000,000 in duty already collected.

## With an Electric Flat Iron You Can Work In Comfort

THE year 'round comfort and convenience of an Electric Flat Iron is most appreciated in summer. If you already enjoy the benefits of Electric Light in your home, why let another ironing day pass without an Electric Flat Iron? Think of having the whole week's ironing done in perfect comfort—no matter how fagging the heat—for just a few cents and without any of the work and worry of the old way. With an Electric Flat Iron, the ironing may be done out on the porch or in any cool spot about the house—wherever there is Electric Light. The clothes are ironed better—no scorching or sticking. The ironing surface is always hot but the handle is always cool.

GOVERNOR PREPARES  
HIS KEYNOTE SPEECHMinnesota Executive Getting  
Ready for Public  
Utilities Campaign.

St. Paul, Minn., July 30.—Governor A. O. Eberhart has completed his keynote speech on the public utilities question and will deliver it, probably in St. Paul, about Aug. 15, according to the announcement made yesterday. He has received an invitation from the Office Men's club to give the address at one of their noon-day meetings and he probably will accept.

In order to get official backing for the bill he has gathered on the operation of the public utilities law in other states, the governor has sent copies of his speech to the utilities commissioners of those states and asked them to correct any mis-statements or make any criticism that to them seems just.

He expects to have his material ready in a few days and will then revise his address in line with the suggestions he receives.

Special Session Date Unsettled.  
The governor has not as yet announced when he will call the special session of the legislature to consider the utilities bill. It has generally been supposed that the session will be in October and from present indications there will be no change in this plan, despite the protest of the utilities companies. The governor expects serious opposition to his proposal to establish a utilities commission in Minnesota, yet he is confident that the campaign of education which he will begin with his St. Paul address will bring sufficient public sentiment to bear to force the legislature to pass a satisfactory law.

## MANKATO CALAMITY.

Water Tank Weighing 100 Tons  
Crushes Through Building.

Mankato, Minn., July 30.—The Patterson Mercantile company's four-story wholesale grocery building and stock sustained damage estimated at more than \$50,000 yesterday when a water tank thirty feet above the building fell through the roof, carrying with it every floor in one section of the building.

A car of merchandise standing on a track nearby was crushed, caught fire and burned. A motorcycle shop near the building was crushed by the tank which weighed more than 100 tons, and Ernest L. Skoggs was buried.

beneath the debris. He communicated with rescuers by tapping a pipe and when dug from beneath fifteen feet of debris had been perhaps fatally injured.

It is believed braces supporting the tank were weakened by Monday night's storm.

## FROM 'CHRISTMAS SHIP.'

Find Missive Supposed to Have Been  
Sent From Doomed Vessel.

Sturgeon Bay, Wis., July 30.—A message supposed to have been written by Capt. Charles Nelson of the Rouse Simmons, the "Christmas ship" which went down with all on board in Lake Michigan last November, was found yesterday by Frank Lauscher, the son of a fisherman.

The message is dated Nov. 23 and reads:

"These lines were written at 10:30 p. m. aboard Rouse Simmons, ready to go down about twenty miles south-east of Twin River point, between Grand Island and Manitowish Island. All hands lashed to one line. Good bye."

"CAPT. CHARLES NELSON."

Young Lauscher was playing on the beach seven miles north of Sturgeon Bay when he found the bottle. The note, written roughly in pencil, was inside.

Local marine men are of the opinion that the note is the last word from the ill-fated ship which sank during a terrific storm last winter when fifteen and twenty miles south of Sturgeon Bay and bound for Chicago. Frank Lauscher, the father, has the note and is waiting for word from relatives of the dead, to whom he intends to deliver it.

To Cure Salt Rheum  
and Scaly Skin

A Most Effective Treatment,  
Quick in Results.

Salt rheum, scaly skin and other itching skin afflictions may be soothed by frequent applications of witch hazel. But the cure must come from the activity of the fine network of blood vessels that make up the skin formation. You should use S. S. S. for the blood. This splendid remedy is a marvel for salt rheum, eczema, lupus, psoriasis and scrofula. Ask at any drug store for a bottle of S. S. S. and you are then on the road to health. The action of this remarkable remedy is direct, positive, certain in its influence. It is one of those rare medical forces which act in the blood with the same degree of certainty that is found in all natural tendencies. The manner in which it dominates and controls the mysterious transference of the rich, red, pure arterial blood for the impure, thin, watery, and acid blood, forms and other blood impurities are forced in the form of invisible vapor. The lungs breathe it out, the liver is stimulated to consume a great proportion of impurities and the system is cleansed to convey harmful germs into the blood; the bowels, kidneys, bladder and all other organs are purified and the body is marshaled into a fighting force to expel every vestige of impurity.

Get a bottle of this famous remedy today, and if you, or your family, are afflicted with salt rheum, or peculiar, write to The Swift Specific Co., 188 Swift Laboratory, Atlanta, Ga.

Machine was one of the first big revolutions in adding machine construction. We took an ordinary adding machine and so arranged it that you could split it between certain columns so as to carry simultaneously different kinds of work on the same machine. For instance, in statement work, you wanted to put the month, date and amount. All right, you split the machine into three parts; put in the month, the date of the month and the amount and the only thing you added was the amount—a great idea. We have sold thousands of them.

No cost or obligation for a demonstration on your own work. Write us.

**S**WEET memories of Yorktown, children, but it must be hard on the British these days. While it is not strictly in our department, they do whisper that the commerce is passing from the English guardianship and creeping insidiously into the strong hands of the Teuton. Be that as it may, we come here to rise and remark upon the amazing frequency and consistency with which our English cousin is losing all of the athletic championships that he has been stacking on for the centuries that have left their indelible marks upon the blue cliffs of Albion.

Lowest summer we did it with our little Olympic team. Since the victory of the American team the British journals have never ceased their quibbling over the way we won. My word, Arith, it was a Yankee Gave's truth, Bill, it was. The bitterness of the victory of the American contingent as embittered by the fact that the showing of the Cousin Jacks and the rest of the collection gathered from where the sun never ceases to shine, was lamentable.

And now to cause the bitter dregs of defeat to be stirred afresh comes the international incident of the Davis cup. We say incident here calmly and winnily the coolness of reason. It is an incident, dear, for the simple reason that this taking trophies from the people who haughtily and disdainfully refused to sanction our giving hilarious tea parties in the snug and cozy harbor of Boston, is getting to be a habit we see, as Harry Landecker and the phonograph say.

There was the other incident of the international polo contests. Who won, Bill? We, rather guess yes. And then there was the result of the Belgian crew coming over to the Thames and beating the flower of merrie England in one of the boat races. And then again there was the case of some team coming along and copping the cricket championship.

It would be adding insult to the already bruised and bleeding pride of the people who made us fight them, were we to mention the sad case of Bomhardier Wells. A badly mugged mess he made of 'hit all, Arithah, But wot's the use, Cove, wot's the bloody use 'ave rubbin' 'it him? The pride of the Britisher has mud flung on it, chucked we should say, to be correct, and the cautious and malice-bearing French must gleefully snicker at the present loss of peripatetic Albion; a country that has been beaten by every game of athletic skill, with the possible exception of threading a needle, that there is to be played.

**I**NTERNATIONAL baseball is on the way. The time is coming when the Banzai of Japan will float out over the din and mingle with the

shout of the American—or the "Allez, Allez?" of the French will be part and parcel of an unholy din. For in the years to come the teams of many lands are to meet and contest literally and truly for the baseball supremacy of this large crust that is inhabited by tiny things called human beings.

Ban Johnson, who is paid \$25,000 yearly for being a very wise man, and also so he won't be embarrassed when the members of the national commission propose buying wine, has called the turn. The white czar of the great national game believes that the invasion of the American game, as we have called it these many years, is in its very infancy and that within a decade other countries will be sending teams here to contest with us for the honors that so far there has been no country qualified to dispute with us.

Japan has seriously taken up the Great American game. The French profess to be fascinated with it. Australia is also beginning to show an interest in it. England, despite the illy concealed hate of our various institutions, is slowly being forced to admit that the game of baseball possesses infinitely superior fascination to the national game of auld England, cricket.

In the years that are not as yet rolled off the scroll of time it may come about that the winners of the pennants in the two majors will be called upon to meet the best teams of Japan, France, Germany, England, etc., and that out of this great and vastly interesting tournament will come the real and bona fide champion of the world.

**T**ODAY'S mail brought a farewell note from that fine old veteran James A. Ten Eyck, Sr. The grand old carman is leaving Duluth and expressed the hope of seeing many of the friends he has made in this city at the national.

"Duluth didn't meet anything worthy of her mettle at the Northwest," writes the veteran coach, "but I do wish to say of the Duluth crews that their rowing was class enough to have stopped much better crews than they met at St. Paul. Now that they are expecting to journey to the national, where they will be given a much stronger argument on the water by much better crews than they met at St. Paul, I feel certain that if the boys pay strict attention to the line of talk that rattles out of the big horn on the launch while they are working, they will be schooled to a point good enough to land them in front."

During his stay here this grand old fellow made a host of friends who are sincerely loath to lose him. Gentle, courteous, well informed, the elder Ten Eyck is the kind of a man one

can sit down with and spend a genial and delightful hour.

**J**UST now, it seems, the fans around the circuit are plunged into the throes of torturing doubt regarding the real leader of the Northern league. Misguided Mickey MacDonald, from over yonder, leaped forth into print and declared that the Superior swamp angels were at the top of the ladder. Then comes forth the secretary of the league and declares that the Winona wails are still the unchallenged leaders.

After the drubbing given Rube Schauer and the numerous alibis Mickey has been forced to invent, now comes other and even greater plagues to cast sorrow and mental dreariness over the eager young personality of this scribe.

Ever since the Telegram sent Mickey to Minneapolis and he was permitted to sit in the cupola at Nicollet park and smoke cigarettes with the rest of the press boys, he hasn't been quite the same. Not that we don't like him just the same, but he has contracted the fearful habit of making a mountain out of a mole hill, and in the case of Rube Schauer and this leadership thing, it has led his reluctant feet often of late to a swish bush where grew the twigs of denial.

**DOOKS TAKE FINAL GAME**

Monty Woods Pitches Sox to 7 to 3 Win Over Peggers.

Old Man O'Brien Leads the Assault With Three Hits.

Winnipeg, Man., July 30.—Duluth yesterday won the final game of the present series by the count of 7 to 3. The White Sox fell on the delivery of Joe Nelson and hammered out twelve clean hits. Dook O'Brien, batting three blows out of five times at bat.

Woods was on the mound for the invaders and while he was found for nine hits, the Sox kept the ball well scattered and was never in serious danger.

Duluth showed championship ability and played some of the best baseball that has been seen here during the present season. Three hits were cut off by the playing of the White Sox outfield.

Winona, Minn., July 30.—Minneapolis outlasted the Pirates yesterday and was beaten by the score of 8 to 4. Grand support behind the pitching of Meyers proved the downfall of the visitors. ## ELMER MILLER GOES TO THE SOUTHERN LEAGUE

The Mobile Club Has Purchased Star Fielder of Northern.

Contract Calls for Delivery of the Duluth Star at Once.

Negotiations have been closed for the sale of Elmer Miller to the Mobile club of the Southern league and the star outfielder of the Northern league will report within the next few days.

While the price received for the great outfielder has not been made public, it is understood that Dook brought one of the highest purchase prices of the class of brigades.

Mickey Finn, nationally known in the ranks of the class of brigades, negotiated the sale of the star of the White Sox. It is believed that Finn is buying the player one of the big league teams. While Miller may not go to the majors immediately, if he proves the player that most fans think he is, then under the able tutelage of the big show, his way to the fastest company of the baseball world.

During the years that have marked his activity in the Southern league Miller has sent many youngsters up to the big show. He is known as one of the shrewdest handlers of the conditions of the game and he is that Finn is getting Miller for one of the big league teams.

With the departure of Miller will come another outfielder to the ranks of the White Sox, according to the statement of President Blume. Every sort of persuasion to retain Miller to the end of the season, but he has decided to leave the team. He has been in the season President Blume declared today that he would not have considered the sale under any conditions. But, as the case with any minor league team, Duluth is helpless under the present rules of baseball. The Duluth club refused to sell Miller because he would have been out some good hard cash that is needed to meet the expenses of the present season.

Herein lies the hardship that all of the minor leagues, with the exception

of the American association and the International league, are confronted with. Stars like Miller and Smith are developed and there is no way in the world of keeping these men. If the higher ups so choose they could develop the management without even the nucleus of a baseball club.

There is a rule in effect that only one man of a club could be drafted, and the major league teams would be more willing and more ready to come through with cash for early sales. As it is at the present time, a diamond in the rough is often parted with for an insufficient sum.

Early in the present season President Blume made several persistent attempts to purchase Lacey Sears from the Muscatine club. The price was a holdup, and the owner of the team refused to come down as high or higher than a ransom would bring going out of this league.

The case of Smith is not very much different. The club directors would have preferred to keep Smith for next season. He would have proved a star here in another year, and then the chances are that he would have brought more in another year.

But under the rules of baseball, the manager or president of the minor league club has no choice in the matter, and it is simply a case of protecting yourself and trying to make both ends meet.

It is not known at the present time whether Elmer Miller will go up to the White Sox, or whether he will stay in the Southern league. The younger wants to remain here next season. In one more year this fellow will make a star of the first water. He is the best shortstop in the Southern league today, and he is remembered that he graduated from the corner lots of Cleveland only last fall.

New outfielder. Miller will be put on with the Grand Forks boys, and the fans are assured of some very interesting tests in addition to the regular baseball program.

After the game with the Flickers, the Sox hit the road and will be gone until the 17th of the month. There will be but a few more opportunities to see the Sox in action during the present season. The Sox are one of the remaining games are to be played away from home.

responsible for the most of the five runs made by Boston. Chappelle wrenched his knee running to first and had to retire from the second game. Scores: R. H. E. Chicago ..... 0 0 0 0 0 0 0—0 4 0 Boston ..... 0 0 1 0 0 0 0—1 1 1 Batteries—Scott, Benz and Kuhn; Foster and Thomas. Umpires—O'Loughlin and Sheridan.

**Double Victory for Naps.**  
New York, July 30.—Cleveland won the series from New York, three games to one, the visitors taking both second and fourth games. Scores: R. H. E. New York ..... 0 0 1 0 0 0 0—1 0 0 Cleveland ..... 0 0 0 0 0 0 0—5 1 1 Batteries—Demaree and Meyers; Batters—Brennan and Eason.

**Phillies Score Easily.**  
Pittsburgh, Pa., July 30.—Philadelphia hammered Hendrix at the right time yesterday afternoon and won easily, 7 to 4, making it three out of four in the series. Triples by Butler and Hendrix were mainly responsible for Pittsburgh's four runs, and with the score a tie in the sixth Doolin sent in Alexander to supplant Mayer. Off Alexander the Pirates got only two hits, while the visitors kept after Hendrix steadily and battered him to a run in the eighth. A single by Becker, a walk to Cravath and a single by Doolan gave them the winning scored in the eighth. They added two more in the ninth on singles by Hendrix and Hendrix and a sacrifice fly in between. Score: R. H. E. Philadelphia ..... 10 0 2 0 1 0 12—7 12 0 Pittsburgh ..... 0 0 2 0 2 0 0—4 12 2 Batteries—Mayer and Alexander and Kilgore; Hendrix and Simon. Umpires—Byron and Kigler.

**Eighth-Inning Rally.**  
Cincinnati, Ohio, July 30.—Cincinnati rallied in the eighth inning and captured the eighth game of the series from Brooklyn, 6 to 5. Up to that inning Walker, a recent addition to Brooklyn's pitching staff had pitched fair ball, only six hits and three runs having been scored. Two of his bases on balls, one in the second and one in the eighth, counting for that many runs.

In the first game, one local player reached third base, moving by virtue of a double and an out in the sixth. However, Demaree tightened and retired the next two batters on strikes. The leaders tallied their run in the third inning when Meyers drove

to left and advanced on an out, scored on a sacrifice fly by DeMaree. Fletcher and Murray again featured in the field. New York scored with a rush in the second game, getting a run in the first inning after two were out on a single by Fletcher, his steal of second, an error by Whitely which permitted the runner to reach third, and a sacrifice fly by Huggins. Fletcher called when Huggins dropped McLean's throw to break up the inning. The Sox scored in the third base Burns shot a liner along third base for a home run. The Easterners lost run was the result of singles by Herzog and Fletcher, a sacrifice and McLean's poor playing of Merkle's roller.

In the seventh inning, Whitely walked, Knutson singled, Evans forced Knutney at second and when Fletcher held the ball, Whitely tallied, saving a shutout. Scores: R. H. E. New York ..... 0 0 1 0 0 0 0—1 0 0 Boston ..... 0 0 0 0 0 0 0—5 1 1 Batteries—Demaree and Meyers; Batters—Brennan and Eason.

**Giants Win Both.**  
St. Louis, Mo., July 30.—New York, by winning two games here yesterday afternoon, took a big stride towards the National league pennant, and at the same time sent the local team into last place. The score of the first game was 1 to 0, Demaree besting Dook, who has pitched effective ball against New York in two games, in a pitchers' battle.

In the second game, score 3 to 1, Salie tried to repeat his victory of Saturday over the Giants but was unsteady and received ragged support. Geyer, who relieved him, was steady. Fromme, who has beaten St. Louis twice in the last innings was effective throughout.

In the first game, one local player reached third base, moving by virtue of a double and an out in the sixth. However, Demaree tightened and retired the next two batters on strikes. The leaders tallied their run in the third inning when Meyers drove

Off Alexander the Pirates got only two hits, while the visitors kept after Hendrix steadily and battered him to a run in the eighth. A single by Becker, a walk to Cravath and a single by Doolan gave them the winning scored in the eighth. They added two more in the ninth on singles by Hendrix and Hendrix and a sacrifice fly in between. Score: R. H. E. Philadelphia ..... 10 0 2 0 1 0 12—7 12 0 Pittsburgh ..... 0 0 2 0 2 0 0—4 12 2 Batteries—Mayer and Alexander and Kilgore; Hendrix and Simon. Umpires—Byron and Kigler.

**Eighth-Inning Rally.**  
Cincinnati, Ohio, July 30.—Cincinnati rallied in the eighth inning and captured the eighth game of the series from Brooklyn, 6 to 5. Up to that inning Walker, a recent addition to Brooklyn's pitching staff had pitched fair ball, only six hits and three runs having been scored. Two of his bases on balls, one in the second and one in the eighth, counting for that many runs.

In the first game, one local player reached third base, moving by virtue of a double and an out in the sixth. However, Demaree tightened and retired the next two batters on strikes. The leaders tallied their run in the third inning when Meyers drove

to left and advanced on an out, scored on a sacrifice fly by DeMaree. Fletcher and Murray again featured in the field. New York scored with a rush in the second game, getting a run in the first inning after two were out on a single by Fletcher, his steal of second, an error by Whitely which permitted the runner to reach third, and a sacrifice fly by Huggins. Fletcher called when Huggins dropped McLean's throw to break up the inning. The Sox scored in the third base Burns shot a liner along third base for a home run. The Easterners lost run was the result of singles by Herzog and Fletcher, a sacrifice and McLean's poor playing of Merkle's roller.

In the seventh inning, Whitely walked, Knutson singled, Evans forced Knutney at second and when Fletcher held the ball, Whitely tallied, saving a shutout. Scores: R. H. E. New York ..... 0 0 1 0 0 0 0—1 0 0 Boston ..... 0 0 0 0 0 0 0—5 1 1 Batteries—Demaree and Meyers; Batters—Brennan and Eason.

**Giants Win Both.**  
St. Louis, Mo., July 30.—New York, by winning two games here yesterday afternoon, took a big stride towards the National league pennant, and at the same time sent the local team into last place. The score of the first game was 1 to 0, Demaree besting Dook, who has pitched effective ball against New York in two games, in a pitchers' battle.

used in the museum so that future generations might gaze upon this famous player's suit. Dr. W. J. Holland, director of the museum last night gave a statement. He says:

"There is a reason why the Carnegie institute should accept Wagner's gift. It is that the trustees when they selected an inscription for the seal of the institution, chose the words, 'Famous Athletes'."

## 10,000 PURSE AT GRAND RAPIDS

urniture Manufacturers' State Feature of Day's Card.

Grand Rapids, Mich., July 30.—With a purse of \$10,000 as the principal attraction, today's Grand Circuit racing consisted of four events. A large number of horses and jockeys in the first event. The same hot weather and wet track which greeted the horses during the last two days of the meet is promised for today.

Although attended by no record-breaking performances yesterday's Grand Circuit races produced excellent time, the ten heats run off averaged 1:59 1-5. Two of the events developed the keenest sort of contests.

The opening race, the 2:30 pace, proved easy for Billy M., highly fancied favorite, who won in straight heats. Neither Ardena, with a following, nor Princess Patch, the purple entry, had a chance for anything better than place money.

The Grand Rapids Railway purse for 2:30 trotters fell to a Dublin in straight heats with Bula Belle pressing close at their heels. In the third heat it appeared to every one in the stand that Bula Belle had nosed out the favorite and the announcement of the judges that Uncle Biff was the winner provoked a storm of protest.

All three heats were under 2:30, the best being 2:07 1-2, a new mark for the winner. Honorable C. ran away in the third heat and nearly clambered over the railing in being brought down to her stride. Rapallo never got started in the first and was flaged.

The 2:24 trot was a great three-cornered race between Mundy C., Dublin Lady and Bingham, and developed another trotter when Mundy C., after dropping the first heat to Dublin Lady, stepped the second in 2:09 1-2. Murphy managed to land Mundy C. in the

two subsequent heats necessary to a decision, but Dublin Lady, and Bingham were close up and forced him to his limit to win.

## WESTON AWAY AHEAD OF HIS SCHEDULE

Stillwater, Minn., July 30.—After sleeping Monday night on the porch of a farm house, where he had been forced to hunk out 11 o'clock at night until 2 o'clock in the morning owing to a terrific rainstorm, Edward Payson Weston arrived here shortly before 3 o'clock yesterday afternoon. He is now within twenty-nine miles of the end of his long tramp from New York city to Minneapolis. The veteran pedestrian was given a royal welcome by the citizens of Stillwater. He will remain here until Friday.

## STREAMS STOCKED NEAR SENTINEL BUTTE.

Sentinel Butte, N. D., July 30.—(Special to The Herald.)—The anglers in this section are elated over the arrival of a consignment of fish from the state hatchery for Beaver creek near here and for the lake between the town and the creek. They were secured from the Fish Commissioner Main through the efforts of L. S. Crawford. They will be stocked in a few days.

## Motor Boat Race on Mississippi.

St. Paul, Minn., July 30.—A 100-mile motorboat race from St. Paul to Red Wing, Minn., and return is to be raced here Aug. 9 for a cup put up by the St. Paul Motorboat club. The cup is a challenge trophy to be raced for once a year, the winning boat to hold it until the next race. Any boat winning the trophy for three consecutive years wins the cup permanently. A number of entries already have been received.

## SOMEONE KINDLY ANSWER, WHICH CREW IS FASTER?

Which is the faster crew?

The person answering this question will be presented with a pronouncing dictionary and a new mouth organ. Ten Eyck professes that he doesn't know at the present time whether the haughty seniors or the hustling juniors are it. The short race of the other evening didn't help decide the matter in the least.

Go to one or several of the seniors and they will tell you that there is nothing to it; that the older man can go out most any evening and defeat the younger oarsmen by from one to two lengths.

After thinking over this line of palaver for awhile, go to the juniors and ask for racing dope. Dave Horak and any of the rest of them will say that the seniors can't be beaten any evening they start and that upon several occasions the juniors have slowed down the stroke to keep from publicly humiliating the seniors, the old men. Who! But that hurts.

Before the two eights leave for the National, it has been announced, it will be definitely known which is the faster crew. We say that this has been announced.

It was also believed that a line would be gathered on the relative speed of the two boats before the Northwestern intercollegiate regatta came and went. The regatta came and went, like the lemming, and even today there are some fairly well informed followers of the rowing game hereabouts who frankly confess that they have no the least inkling as to which is the better crew.

In most of the trials herabouts the juniors have looked the better. Through the year the performance of the younger eight have been the most consistent. One night the seniors would look grand and perhaps the next not so well.

It is very true, as has been stated in the columns of our national paper, that all of the dope favors the juniors. But none of the first class in its tent, like Achilles, and goes wrong. So far this season dope on the

junior and senior eights, has run for Sweeney.

Two Great Eights. Duluth has two great eights. Just how great it will require the competition of the national to determine. There was nothing at St. Paul to compare with the class of the Duluth crews. Whether the senior eight was faster than it was last season, and therefore is good enough to defeat the immortal Hilly crew, is a question that can't be answered.

And also whether the junior eight, as some profess to believe, is better than the senior and could right at the present time defeat what has been considered as one of the greatest eights in North America, is another question that may not be solved.

But interest in the performances of the two Duluth crews at the national will be paramount. Never before in the history of the rowing game hereabouts has there been the intense amount of speculation regarding the Duluth crews as to which of the two which Duluth crews are to compete.

There is reason for this. We have the best crews in the history of the boat club, and, moreover, for the first time really in the history of North-western rowing Duluth literally swept practically all of the big events of the regatta. We will journey to Boston with the eyes of the country focused upon us.

When Duluth boys leave the float at the national for their first work-out, there will be the thronging of the curious, and there will be an exclamation—"There goes the Duluths!" And "prayer, shouldn't it be true?"

For years, back in the dark period of our development, we left the float with but a few idlers, the first appearance of the crew. And the idlers, as a rule, scoffed after the first glimpse. Now it is quite different. At the Charles river events Duluth will be hailed with eagerness, with veneration, and every move of the crews in the blue shirts will be the subject of interested conversation, calculation, comparison and analysis.

A champion is ever interesting. We will go to the national as the champions of the Northwest, as the intercollegiate champions, with veneration, and every move of the crews in the blue shirts will be the subject of interested conversation, calculation, comparison and analysis.

York, the latter a Harvard student, won the Eastern championship tennis tournament yesterday for Walker, N. W. Niles and A. S. Dabney of Boston, former Eastern champions, 6-2, 7-5, 3-6, 11-12. In the final of the Longwood singles, William Johnston, champion of the Eastern, defeated G. P. Gardner, Jr., of Boston, 6-2, 6-4, 6-4.

## PLAYERS REACH SECOND ROUND

Walker Fraker is the first tennis player in the boys' tournament to reach the second round. The youngster defeated Robinson in straight sets, 6-1, 6-0 and then defeated C. Fraker by the score of 6-2, 6-1.

It required three sets to decide the match between Wright and Beecher, the latter finally winning by the score of 6-4, 6-1 and Pine won from Taylor 6-2, 6-0. Richard and Steele and Hawkes, Jr., won from Wistler, 6-1, 6-4.

## The Gearless Motor Car

## I Can Prove Every Claim I Make for The Cartercar

When I say that the Cartercar will go out on the road and give the service you want—better service than you can expect from a gear car—I do so with the full expectation that you will come to my salesroom and make the prove my statements.

And I make such strong statements in full confidence, because I know that the Cartercar will make good every one of them.

I know what it has done and is doing for thousands of owners. I know what it is doing today for the many owners right here in Duluth to whom I have sold it. I know what the Cartercar will do for you, because I know what it has been doing for the past ten years.

Why is the Cartercar better? Why will it give better service? You are undoubtedly asking these questions in your mind. Here's why:

The Cartercar does not have a weak complicated gear transmission. With a two-unit transmission on the Cartercar is stronger, more reliable, more efficient and easier to drive.

Pretty good list of advantages, that, but every one of these advantages is meant literally. When I say more efficient, I mean exactly that. I mean that it will climb hills that the gear car cannot climb—I mean that it will travel through sand and mud where the gear car is

worthless—I mean that it will travel the bad roads in any kind of weather the year around.

These are some of the things I am willing to prove to you any time. I don't make these statements just to see how they will sound, nor because other salesmen say the same things. I say them because they are true, and because I want you to ask me to prove them. And then when I have the opportunity to prove them I know that I have sold another car.

Remember that I said the Cartercar was more reliable? Well, just compare for yourself a two-unit transmission with one that has ten or twelve complicated gears. If you are not familiar with motor cars, ask some man who has had stripped gears. He'll tell you the difference, and with plenty of punctuations, too.

There is another feature which I want to especially emphasize. The Cartercar transmission eliminates jerks and jars in starting and changing speeds. This means that you will get about twice the useful tire mileage. One man got over 22,000 miles from one tire.

Now I've given you some good things to think over if you are going to buy a car. If you want service—value for your money—you cannot afford to overlook the Cartercar. Just ask me to prove these claims, that's all I ask.

Call me up today, or come to the salesroom any time.

Maurice E. McLoughlin for his splendid play. They then draw the moral that if Great Britain desires to hold her own in sports she must call youth to her aid.

The Daily Telegraph, confessing that it was only through Ireland's help that England won the cup at Melbourne, derives consolation from the fact that McLoughlin, of Irish stock, achieved the victory for the United States.

The Daily Express adopts a despondent tone, saying:

"Athletic contests are symptoms of national health and grit, and the morose of British defeat becomes depressing. We do not, however, grudge the victory."

The Daily Chronicle says McLoughlin's sudden advent into tennis has been as sensational as anything in the history of sport, and that if he

## STAR PITCHER FATALLY HURT

Cincinnati, Ohio, July 30.—"Rube" Benton, star pitcher of the Cincinnati National league baseball club, was probably fatally injured in a motorcycle accident in Walnut Hills, a section of this city, early this morning. Benton's motorcycle collided with a Madison Road car. At the Cincinnati hospital he is said to have sustained a fractured jaw, a concussion of the brain, bruises and internal injuries. It is thought he will die.

Benton had not regained consciousness up to 8 o'clock this morning. Others said the car ran into Benton as he was going at a high speed at the time, that he lost control of the motorcycle and ran into the car. Others said the car ran into Benton and that the motorman was at fault. The collision was head-on and Benton was hurled to the street with terrific force.

## EXTRA SESSION TO BE CALLED BY GOVERNOR TO MEET ABOUT OCT. 15

Brewers and Railroads Are Opposed to the Extra Session Plan.

Talk of Legislation to Abolish Railroad Gross Earnings Tax.

Eberhart Wants Governorship Again as Stepping Stone to Senate.

(By a Staff Correspondent.)

St. Paul, Minn., July 31.—(Special to The Herald.)—Governor Eberhart will call the extra session of the legislature to meet about Oct. 15. Despite the predictions of those who claim that the governor will back down at the last minute and there will be no extra session, George F. Aubrey, private secretary to the governor, gives it out unqualifiedly that the extra session will be called.

The extent of the campaign to overcome the apathy that now prevails has not been determined. At least no information as to how many will participate in the campaign or the extent of the territory to be covered is available. The campaign will open Saturday, Aug. 16, when the governor will speak at St. Paul. It will be a sort of a keynote speech, and the opponents of the proposed public utilities legislation are anxiously awaiting it in order to turn loose their batteries in opposition.

The governor expressed himself clearly and emphatically at Austin a few weeks ago, and the opponents of his program have been industriously rapping him and his public utilities ideas since. Reports are correct that St. Paul speech Aug. 16 will be a far more important contribution than was the talk at Austin. The governor has acquired a fund of information since.

## GASOLINE EXPLOSION IN RAGE KILLS SEVEN

Tank on Machine Blows Up and Spreads Flames.

Cincinnati, Ohio, July 31.—The list of dead as the result of a motorcycle accident at the Ludlow, Ky., lagoon motorcade last night, when the gasoline tank on the racing machine of Edwin Johnson exploded and scattered the burning fluid over the spectators, was increased to seven today.

The revised list of dead follows:

EDWIN JOHNSON of Salt Lake City, Utah, motorcycle rider.

WILLIAM DAVIS, 5 years, Ludlow, Ky.

HENRY ANDREWS, 15 years, Cincinnati, Ohio.

MRS. WILLIAM MICHAELS, 30 years, Ludlow, Ky.

MRS. ETHEL BUCHTAN, 20 years, Covington, Ky.

JAMES CARTER, 30 years, Cincinnati, Ohio.

WILLIAM PATTERSON, 29 years, Cincinnati, Ohio.

Young Andrews and Miss Buchtan were unconscious when brought to the hospital and their names were placed on the books of Samuel Johnson and Miss Buchtan, respectively. A score or more who were injured in the explosion are in a critical condition.

## ADMIT GIVING KRUPPS TIPS

German Army Officers Face Courtmartial on Bribery Charge.

Deny Intention of Wrong-Doing—Corruption Is Charged.

Berlin, July 31.—The sensational disclosures of corruption in the German army made by Dr. Karl Liebknecht, the Socialist deputy, in the imperial parliament on April 18, came up today when a courtmartial convened to try the military officers charged with accepting bribes for information of pending government contracts for arms and ammunition.

Four officers of the ordnance department were brought before the judges. They were Lieutenants Tillman, Hinn, Hugu and Schleuder, to whom was entrusted the supervision of many of the armament and arms contracts at various arsenals and factories throughout Germany. Chief Clerk Pfeiffer and two noncommissioned officers of the ordnance corps were also in the prisoners' enclosure.

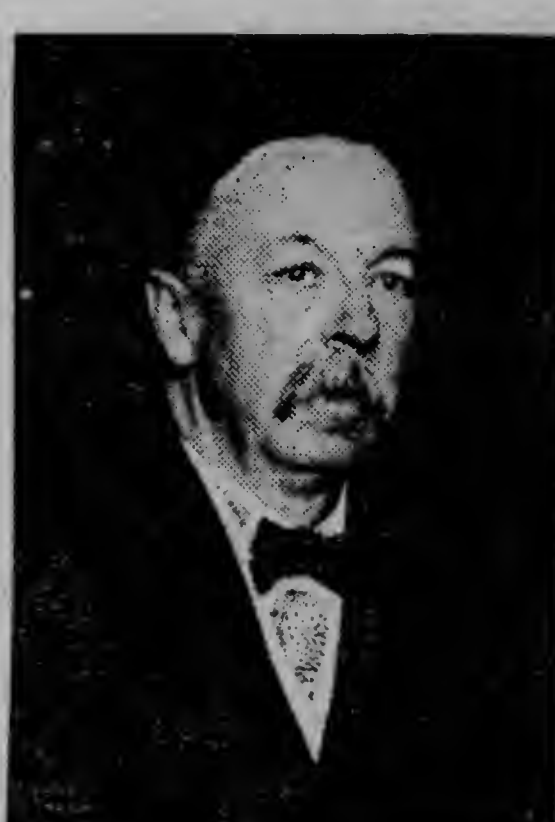

It had been charged by Dr. Liebknecht that "corruption and bribery on the part of munition companies" was prevalent and that there was an organized scheme for raising war scares and thus causing the government to spend more money on armaments.

The civilian offenders, who include the alleged briber on behalf of the ordnance companies and also the directors of these concerns, will come before an ordinary criminal court at a later date.

It was decided by the president of

## WELCOMED WOMEN TO THE NATIONAL CAPITAL

GEORGE E. CHAMBERLAIN, Senator from Oregon.

## WOMEN INVADE U. S. SENATE

Suffragists From Every State in Union Present Petitions.

Hear "Votes for Women" Lauded By Owen and Chamberlain.

Washington, July 31.—"Votes for women" was demanded today by delegation of suffragists from every state in the Union, who besieged the senate chamber and bombarded the senators with petitions urging consideration of a woman suffrage constitutional amendment.

The siege of the senate followed a demonstration in the course of which hundreds of women paraded from Hyattsville, Md., through the country roads and the city streets, down Pennsylvania avenue and through the capitol grounds. Members of the senate woman suffrage committee met the petition-bearers and rode to the capitol with them.

Work for the Pages.

At the capitol the parade disbanded and a cloud of femininity funned the senate wing. The dignified hush was shattered by the demands of women from various states that their cases be taken to their senators. The pages were busy for the better part of an hour, hurrying senators from the chamber to meet their "constituents."

After the petitions had been presented the delegations flocked to the galleries, where seats had been reserved, and the woman suffrage supporters on the floor of the senate took charge of the demonstration. Senators Owen, Ashurst, Poindexter, Jones,

## NEW HAVEN RAILROAD SELLS TROLLEY LINE

Western Massachusetts Is Transferred to New York Men.

Boston, Mass., July 31.—The sale of the Western Massachusetts trolley line by the New York, New Haven & Hartford railroad to a firm of electrical engineers, New York, was announced here today by President Charles S. Mellen.

## SWEEPING CUTS IN ALL RATES TO IOWA

Commerce Commission Orders Equalization By the Railroads.

Washington, July 31.—Sweeping reductions in through and class rates from Atlantic coast points to practically all Iowa cities were today ordered by the interstate commerce commission in its decisions of what are known as the Mississippi river and the interior Iowa cities cases. The reductions on the through rates average from 3 to 1 cents per 100 pounds, while the rates to the interior cities will be proportionately lower.

In the interior Iowa cities case it was ordered that those points situated in proportion to the higher rates to the upper crossings in Iowa, upon which their rates were based, in consequence of the readjustment of the upper crossings rates, the rates to the interior cities are ordered lowered.

Another order by the commission today readjusts the class rates from Chicago to the interior Iowa cities, and places them upon a proportional basis with points on the Mississippi river and the Missouri river. The commission ordered the railroads to submit for approval a revised list of new rates grading the 80-cent Missouri river scale back across the state.

## ATTACKS FREE SUGAR CLAUSE

Thornton of Louisiana Talks on the Tariff Measure.

Stone Accuses Republicans and Gronna Denounces Whole Bill.

Washington, July 31.—Senator Thornton, Democrat, of Louisiana, who will vote against the tariff bill because of free sugar, delivered today an impassioned denunciation of his party's determination to put sugar on the free list in 1916. His was the first speech from within the Democratic party attacking the bill since it was reported to the senate.

"I owe to the people of my state a far higher measure of devotion than I owe to the Democratic party," he exclaimed. "Honor and duty alike demand that I vote against this bill while it embodies this provision."

Gronna Attacks Bill.

Characterizing the Democratic tariff bill as "neither fish, fowl, nor herring," a measure not framed on scientific principles of either free trade or protection, and declaring it will not benefit the consumer because it will injure, if not destroy, the producer, Senator Gronna, Progressive Republican of North Dakota, attacked the measure in the tariff discussion in the senate today.

"The great industry of agriculture," he said, "is again the subject of an unjust onslaught and discrimination. I call your attention to the fact that in my state alone, where in 1912 we raised more than 145,000,000 bushels of wheat, with short crops in foreign countries, under the provisions of the bill our farmers would lose in a single year more than \$15,000,000."

"Two Sets of Reasons."

Senator Gronna declared that in discriminating against the farmer the Democrats found themselves in the difficult position

## ENGLAND BALKS AT BIG FRISCO FAIR

Decides Not to Take Part in Panama-Pacific Expo.

London, July 31.—Great Britain has decided against participation in the Panama-Pacific exposition at San Francisco in 1915.

Notification of this determination of the British government was conveyed officially to Washington early this week, the dispatch merely stating that Great Britain was not in a position to participate in the San Francisco exposition. No reasons were given.

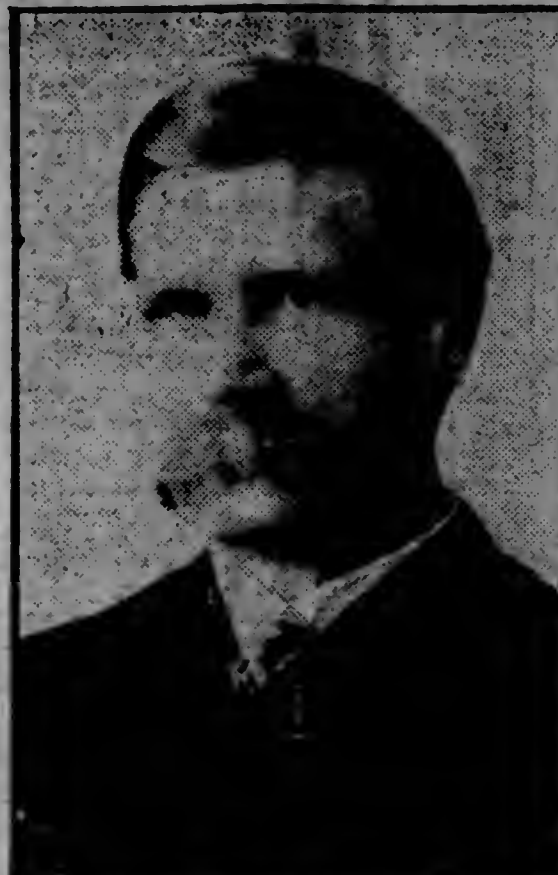

Both the British foreign office and Walter Hines Page, the United States ambassador here, decline to discuss the matter or to reveal the cause of this reversal of the announcement made some time back that Great Britain had decided in principle to participate in the exposition.

It has been mooted for some time, however, that the dispute in regard to the Panama canal tolls might possibly lead to this result, and the present notification of non-participation is attributed to that cause.

Bryan Still Has Hopes.

Washington, July 31.—Secretary Bryan said today he had not abandoned hope that Great Britain and also Germany would reconsider their decision and finally participate in the exposition. While he announced no plans the secretary intimated there would be negotiations pressing those two nations to take part.

## MAKES ATTACK ON THE UNDERWOOD BILL

A. J. GRONNA, United States Senator from North Dakota.

## STORM HITS SAINTLY CITY

Does Considerable Damage, Especially at Lake Resorts.

Grain and Livestock Suffer in Vicinity of La Crosse.

St. Paul, Minn., July 31.—(Special to The Herald.)—A wind storm almost tornadic in violence early today did a large amount of damage in St. Paul and vicinity, tearing down trees and small buildings and damaging telephone and telegraph wires. The greatest damage occurred at White Bear and Lake Agassiz, where the tents of acres of campers were demolished.

The total loss is estimated at \$30,000.

Grain and Livestock Suffer.

La Crosse, Wis., July 31.—An electrical storm early today did heavy damage in the farming districts of Western Wisconsin and Southern Minnesota, near here. Farms and houses were struck by lightning and quantities of grain and numerous livestock destroyed. Wires are down in several directions, making details meager.

Sam Jernan at West Prairie, and John Gardner of Liberty Pole, each of whom lost thousands of dollars worth of farm property, are among the losers thus far reported. Railroads here are operating under difficulty and trains are running behind time on account of the weakened tracks.

Charles Jordan of Winnebago valley and Fred Lentz of New Albin, Iowa, are other heavy losers reported.

Valley City Federal Building.

Valley City, N. D., July 31.—(Special to The Herald.)—As a result of the decision of the Federal architects to build Federal buildings of the same class in different states on the same plan, Valley City expects to secure its Federal building earlier than had been originally planned.

What Will Her Fortune Be?

## CLASH OVER LOBBY QUIZ

Senator Reed and Attorney McCarter Squabble as to Questions.

Mulhall Insists Manufacturers Knew of His Payments.

Washington, July 31.—Martin M. Mulhall's cross-examination by attorneys for the National Association of Manufacturers before the senate lobby committee today opened with a lively row between Senator Reed and Attorney Robert McCarter. McCarter insisted on asking questions himself; Senator Reed insisted that all questions should go through the committee.

Chairman Overman ruled with Senator Reed.

McCarter precipitated the outbreak by asking Mulhall if he had not been discharged from the Cleveland police force ten years ago for violation of a state law. Mulhall replied he was discharged for political reasons, and demanded counsel.

"I was advised by friends to refuse to answer," he exclaimed. "I want counsel. I insist on it, and refuse to go ahead until I have it. I'll go to jail before I'll answer questions about my personal affairs thirty or forty years ago."

"Throw Mud, Not Light."

"Instead of being designed to throw light on this case, many of these questions are designed to throw mud at the witness," declared Senator Reed. "This is an investigation, not a trial. I insist you have no right to say word here." He concluded addressing Mulhall.

Mulhall withdrew, his demand for counsel and the hearing proceeded with the attorneys submitting their questions to Chairman Overman.

Mulhall swore that payment of monthly sums to J. H. McMichael, one time chief page of the house, Harry Barker, messenger to the ways and means committee, and

## SWELLDOM TORN BY CRUEL SUSPICIONS

All Strangers, Some Friends and a Few Sleuths Feared as Thieves.

Narragansett Pier, R. I., July 31.—These are unhappy days for the chance visitor here who does not bear on his person refutation of the suspicion that he is a member of a gang of thieves who robbed the homes of C. C. Rumney and John H. H. All but those who are well known here are viewed with suspicion, and some of the amateur sleuths go so far as to say that a few residents will bear watching.

The usual number of midweek guests has been nearly doubled by the presence of detectives, and as these men represent at least three or four competing agencies, the greater number are not known to each other. In one instance two operatives representing rival agencies spent a whole day shadowing each other.

Gaiety Is Subdued.

The gaiety at the Casino and other places where the members of the cottage colony met today was subdued by the knowledge that detectives were about. Patrons spoke in whispers over their tea cups, and every stranger, whether man or woman, was immediately placed under suspicion of being either a detective or a thief.

The usual crop of inside "tips" to the effect that arrests are imminent are about, but those in authority say the detectives are no wiser as to the identity of the thieves who got away with \$225,000 worth of gems.

## COPPER COUNTRY MINE STRIKE SETTLING DOWN NATURE OF A SIEGE

Next Move of Governor Ferris Awaited By Both Sides.

"MOTHER" JONES.

This woman is one of the most picturesque figures in the labor world. She first came into prominence some years ago when she took the lead in a Pennsylvania mining strike, and the men promptly made her their Joan of Arc. She has been conspicuous since that time in every movement of the mine workers to obtain higher wages or better conditions of labor. She recently figured prominently in the West Virginia strike, and testified for the miners in the congressional investigation into West Virginia coal field conditions.

## WILL COST MILLIONS

Physical Valuation of Railroads Means Over \$10,000,000 Expenditures.

McGinty Presents Plans of Commerce Commissioners to House.

Washington, July 31.—Physical valuation of the railroads of the United States by the interstate commerce commission will take from five to seven years by a specially organized corps of men, and will cost the government from \$10,000,000 to \$15,000,000 or more, according to plans of the commission, presented to the house appropriations committee today. The commission has asked for an immediate appropriation of \$1,500,000 for the organization of a corps of engineers necessary to undertake the work.

Commissioners Clements and Prouty and Secretary George B. McGinty of the commission have told the house appropriations subcommittee that a carefully worked out estimate is being prepared.

## COLLAPSE OF REVOLT IS CLAIMED IN PEKIN

"Little Doubt But That Military Phase Is Past."

London, July 21.—A dispatch to the Times from Pekin says: "News from the south implying the collapse of the revolt is pouring into the British legation. It requires confirmation, but there is little doubt that the military phase of the trouble is past."

Italy Ready For Action.

Rome, July 31.—Count Carlo Sforza, Italian minister to China, has arrived here to spend his vacation. He was received today by the Marquis Antonio Di San Giuliano, Italian finance minister, who discussed the situation with him and ordered him to be ready to return to China at a moment's notice if his presence should be required for the protection of foreign residents there.

Today in Congress.

SENATE.

Convened at noon and resumed general debate on tariff bill.

Senator Gronna attacked tariff bill, saying it would not benefit consumers because it would injure, if not destroy, the producers.

Senator Thornton, Democrat, assailed Democratic party's determination to put sugar on free list in 1916.

Senators from all states presented petitions bearing thousands of signatures and urging woman suffrage constitutional amendment.

Cross-examination of M. M. Mulhall began before lobby committee.

HOUSE.

Not in session; meets Friday noon.

## Wind Storm Wrecks Militia Camps and Injures Soldiers.

"Mother" Jones Has Promised to Come to Aid of Men.

Calumet, Mich., July 31.—(Special to The Herald.)—Both sides in the mine workers' strike in the Michigan Copper Country are playing a waiting game, resting on their arms in a sort of armed truce pending action by Governor Ferris in regard to the refusal of the mining companies to confer with the Western Federation of Miners, and the acquiescence of the Federation to attend the conference.

The refusal of the companies to meet with the union at the governor's request is taken as a final refusal to bow to organized labor, and the strike seems likely to be a waiting one.

It is even predicted that it will assume the character of the last big strike the Federation had in Colorado, when the mining districts were under military rule for a year.

"Mother" Jones Coming.

"Mother" Jones, the heroine of the coal miners' strike, was telegraphed her acceptance of the invitation of the local union to come here and will reach Calumet next Tuesday. Plans for a big demonstration of welcome to the aged strike leader were immediately begun.

A seventy-miles-an-hour wind early this morning battered half the brigade camp all through the Copper Country.

## FIFTEEN HURT IN CHICAGO COLLISION

Cars Returning From Modern Woodmen's Picnic Come Together.

Chicago, July 31.—Fifteen persons were injured today when one of five cars returning to Chicago from near Dunlap, where the Garfield Park lodge, Modern Woodmen of America, gave a picnic, collided with a car near the northwestern city limits. None were injured fatally.

## MANY CITIES SWELTERING

Weather Bureau Promises No Relief From Hot Wave.

Mercury Mounts Above 100 Mark—Twin Cities Over 90.

Washington, July 31.—No promise of relief from the heat wave for today was held out by the weather bureau experts. They said, however, that local thunder showers probably would bring lower temperatures tonight to many of the suffering sections in the West where the mercury climbed highest.

The heat was intense yesterday practically everywhere east of the Rocky mountains, the highest temperatures, 104 deg., being reported from Yuma, Ariz., and 103 deg. from Portland, Ore. A new high record for that section, 94 deg., in the East, Washington headed the list with a maximum temperature of 97.

In New York, besides breaking the year's record, yesterday was the hottest July 30 in the history of the city's weather bureau. Four deaths and about a dozen prostrations in the metropolitan district were attributed to the heat.

Temperatures ranging above 100 were the rule throughout Central and Eastern Iowa. In Des Moines a temperature of 100 was officially reported at 2 o'clock in the afternoon. Burlington had the highest temperature, 106. Ottumwa was second with 105; Marshalltown third with 104; Cedar Rapids reported 102; Davenport, 101½; and Waterloo, 97.

Southern Illinois got the full blast of the heat. At Galesburg it was 106 and at Peoria 104.

Over Missouri, Illinois, Eastern Iowa and Southwest Ohio, the heat generally was about the 100 mark. At Louisville, Ky., two deaths and several prostrations resulted from the heat. The maximum temperature was 101.3.

Minneapolis Hottest in Decade.

Minneapolis, Minn., July 31.—The government thermometer registered at 87.5 at 3:30 o'clock yesterday afternoon, giving Minneapolis the hottest day in more than ten years. The official reading at 7 p. m. was 92. Five prostrations were reported.

St. Paul Sweltered.

St. Paul, Minn., July 31.—Although St. Paul sweltered under the hottest weather of the present year, and there were few reports of heat prostrations. The maximum temperature was 86, the previous high registration of the year being 95.1.

Philip Devereux, aged 12, was drowned last night while seeking relief from the heat.

## DELAY OPENING OF NEW STATION

Elevators Have Not Yet Arrived for Canadian Northern Building.

The new Canadian Northern passenger station at West Duluth, which was to have been opened tomorrow, will not be ready for business for at least ten or fifteen days.

The passenger and baggage elevators have not yet arrived and it was stated this morning that the station will not open until these elevators are installed. This is expected to take at least ten or fifteen days.

O. E. Wilson, who is in charge of the West Duluth freight depot at Seventh avenue west and who conducts the passenger business from this end of the city, stated this morning that the elevators are late in arriving and that the opening of the station for business has thus been delayed. Every effort is being made to secure an early shipment of the elevators, which together with the installation is expected to take at least ten days or two weeks.

The station building is all ready for the opening, construction work having been finished several weeks ago.

The structure is three stories high, with the exception of the left wing, which is only one story and which houses the baggage room. There are two waiting rooms and the ticket office on the first floor and a large waiting room on the third floor. The train enters the station on a trestle and it is for this reason that there are so many waiting rooms. Elevators will take the passengers upstairs and also carry the baggage to the train from the room on the first floor.

Construction work on the station started last spring and was in charge of Emil J. Zant of this end of the city. The building cost \$15,000.

## WEST DULUTH MARKET OPENS

Farmers May Offer Their Produce Any Day in Week.

The public market at West Duluth was this morning opened for the season and farmers in this vicinity are invited by the West Duluth Commercial club to bring fruit and vegetables every day of the week.

The market place will be open every day from now on, until the cold weather sets in. No regular market days have been set this year as was done during the season last summer, but instead farmers may come and sell their produce any day of the week. This is a great convenience to the farmers, who in this way at least three or four times a week will be given an opportunity to purchase fresh garden truck each morning.

The new sidewalk approach to the public market was completed yesterday and the grounds about the stands were cleared and the stands were put in place. Within the next week or two the members of the West Duluth Commercial club propose to start plans for the second annual farmers' day. The one held last year was a grand success and it was voted at the time to make the affair an annual one in this end of the city.

It is proposed to make out a much larger list of prizes for the best display of produce than in the past. Judges to inspect every display brought in by the farmers. More than \$20 worth of household goods and wearing apparel was given away as prizes to farmers having the best fruit and vegetables for sale on farmers' day.

## DOG CATCHER HAS EFFECT

ROYAL LEAGUE OFFICERS  
REPLY TO PARK MANAGER

To the Editor of The Herald:

Kindly give the undersigned officers of the Royal League an opportunity to reply to charges of being a nuisance at the Point du Lac park last Sunday. Manager Strub takes upon himself the burden of charging that the members of the Royal League were insulting as well as a nuisance in the park during the entire day. The joint lodges were well aware that each member would be charged 10 cents admission to the park and willingly paid it. They did object to paying 60 cents for heating a can of water or \$1.00 for heating two which was required to make enough coffee to go around.

This objection caused the members to look for a place to build a fire. Finding such a place on the river bank they proceeded to light the water. No signs stating that such a fire was prohibited were posted anywhere. The spot was fully 300 yards from the nearest tree and over 500 yards from any building or shed. The spot was not in the park, fenced as the private playground.

The members of the party told him to look for a place to build a fire. He threatened to put out the fire and in making the threat also threatened the arrest of the crowd for building it. In making the threat he put his hand in his pocket and showed a pistol. He claimed that as his authority for enforcing his demand for a fine.

## Rush for Dog Licenses at Office of the City Clerk.

Increase of About 1,000  
Over Licenses Issued  
in 1912.

The activity of the dog catcher has resulted in another flurry in the dog license market. In the last few days the city clerk's office has issued eighty new licenses have been issued by Deputy City Clerk Fred Ash.

Some of these have been taken out by persons who have been redeeming dogs which had fallen into the hands of the dog catcher and the others were procured by those who wish to protect their pets against such a calamity.

Last night the dog pound behind the police station contained thirty-one stray and unlicensed canines. This morning the number had been reduced to twenty-two. Some of them had been redeemed by their owners and others shot. The dogs are killed after they have been in the pound for forty-eight hours.

Up to date about 1,400 licenses have been issued at the office of the city clerk. A year ago but 400 licenses were taken out. The new dog ordinance and the appointment of the dog catcher have had a most salutary effect. Not only has the city treasury been enriched to the extent of approximately \$1,000 this far, but the city has been making a nuisance of themselves.

The undersigned officers of the Royal League are not so badly mistaken the manager is the one who has been the nuisance.

Carranza Telegraphs Proposal to His Washington Agents.

Ambassador Wilson's Views on Mexico Impress Senators.

Patron of Lunch Counter Is Assaulted Without Provocation.

In his own estimation John Kats is the one and only "bon bon kid," according to the police.

The officers say that he considers himself so sweet and charming that he cannot understand how any girl could overlook his many winning attractions.

The police base their assertions upon the manner in which J. Kats is alleged to have conducted himself last night, the outcome of which was that J. Kats found himself in police headquarters with a charge of disorderly conduct against him.

The report is that J. Kats tried to "make a meal" on Marie Kuffin, an employee of the Sixth avenue hotel. J. Kats is claimed to have made advances to her and to have been very forward in his manner.

## WHITE SOX GRAB FIRST GAME FROM THE UNGLAUBS

Blanche Relieves Rhodes  
and Duluth Wins  
8 to 6.

Darby O'Brien Performs the  
Astonishing Feat of  
Stealing Second.

BY BRUCE.

We met the enemy yesterday, and at a few minutes past 6 they were ours. They came and saw and fortunately we conquered. The score of the pastime was 8 to 6 and it required the services of four mound dwellers to keep the impulsive hitters of the two teams off the bases.

Peggy Rhodes, the slender youth with the stiff dark whiskers and loads of temperament, was on the knoll when handsome Tim Flood started the festivities. Mr. Rhodes last night four and one-third innings. During his incumbency of office five runs were scored and seven hits were picked off the delivery of the hero of other afternoons.

After the third run had been scored in the fifth round the grand old man of the minors, Darby O'Brien, gave the high sign to the dugout and Poot Blanche, who has but recently taken a fancy to Omar Khayyam, was called to the mound. A double play pulled Henry Clay out of trouble in the remaining length of the fifth, and in only one round thereafter was there a hit, made off the sharply breaking curves of the student of the editions of DeLuxe.

One McLaughlin started for Col. Unglaub's band. With two down in the second, after four runs had been counted, the harp was wuffed to the doghouse and Herman Handschu was called to the firing line. Herman did very well and runs came very hard. Percy Monahan cavorted in the territory formerly covered by the great Doc Miller. Just to show the fans that he is earnestly endeavoring to play up to the high standard of the veterinary surgeon, Percy dashed merrily half way across the field at one juncture of the contest and pulled down a high fly.

With one down in the first round, Handschu singled through the lane at second and then handsome Jack Doyle, who boxes during the winter season, doubled to deep center and the first run of the matinee was in. Col. Bob Unglaub singled through the gap at second and the second run was in. One walk was all of our portion in the domestic half of the round.

Brother Rhodes set the visitors down in order in the next round and then the bustling Sox proceeded to garner while the karning was good. Newswed's effort.

Newswed McGraw doubled to right to give tone to the round. Schreiber whiffed and then hit over second. Sweezy laid one down the third-base line and beat it out by Hanes Kolehmainen in grand style, and McGraw counted on the play. Percy Monahan also beat out a bunt and the bases were filled.

Then came that grand old man, Doc O'Brien. He did nothing less than crack the ball to left for two bases and clear the way. Let us be so bold and remark that if the Orator had hit at the start of the second round he would have been hit by the same ball.

firm white hands until the aforementioned fifth. Then something slipped and the rounds of the opposition were unleashed and sprang nimbly to the attack. Dutch Berger hit sharply to right and Smith missed the ball in coming in on the gallop and it went to the fence and Berger went in the opposite direction to third. Briere singled over second and then one was in. Handschu whiffed and then De Haven renewed the attack by swatting to left for one. The other Handschu hit through second for one base and Briere scampered over. Blanche went in at this juncture and on an infield out of Doyle the last run of the round was counted.

A double play, Meniece to O'Brien, stopped the concession of runs and shut down all privileges of the opposition. In our fifth round rally we promptly got back the three runs given to the enemy in a burst of generosity upon the part of Peggy the Pegger. O'Brien in a racial opposition play, and then Smith pulled one too far to the right of De Haven for that nimble gent to gather in. Meniece walked and McGraw went out on an infield hit. Schreiber doubled to left and two were in. Moll singled and Sweezy lived on the base and run one was in. Handschu stopped the concession of runs and shut down all privileges of the opposition.

In the eighth John Handschu singled over short, went to third on Doyle's single and then counted on a wild pitch which went by Sweezy. The catcher recovered the ball and pegged to Blanche at the plate. Henry Clay had the runner out and in a moment of dreamy introspection dropped the ball. The great pitcher explains to you the reason for the error in the new grandstand after the game. The rivals compared notes on beloved Kents and that for the moment his attention to the ball wandered.

Farwell appearance of Col. R. Unglaub and his merry band of players. Come out and see "Bob," one of the most popular ball players in America.

Meniece's double in our half of the same round, and thus was the scoring of the day brought to an end.

Among the written remarks of the game mention should be made of a catch of one hit by Elmerine Smith. McKibben, the center gardener of the opposition, came galloping in for this year in the first inning and doing an Apache wriggle on his right hip and shoulder, gathered the pellet from among the grass blades. Clarence Griffin, Strachan's partner, was depended on to win his match with T. J. Byrd. State Champion Walter Hayes had a hard opponent in J. J. Armstrong of St. Paul.

Play in the fourth round of the men's doubles and in the first round of the mixed doubles also started today. In the feature match of the tourney yesterday, Heath Byrd, one of the best of the local players, defeated "Chick" Benton, the Cleveland man, holding the Michigan state title. The score was 6-2, 6-3, 6-4.

Armstrong, the Minneapolis man, found little opposition on the part of Morris Johnston of Owatonna. All around superiority made Armstrong's victory easy, 6-1, 6-2.

Walter Hayes, favorite among the Chicagoans, had a hard time disposing of J. J. Forestall of Chicago. The latter previously had eliminated Edward Burton of Minneapolis who defeated Forestall after winning the second match, 12-10, Forestall taking the first, 6-2.

## FAMOUS SPORT PROMOTER HERE

J. H. Herman Declares He Will Claim Championship for Zbyszko.

J. H. Herman, famous over the world as one of the big sport promoters of this country and Europe, is today a guest of the Holland hotel. Mr. Herman came here on pleasure and will spend two or three days visiting Duluth and becoming better acquainted with a town that he has visited many times in the past. He has never had the opportunity to really enjoy it.

Today the manager of St. Paul's Zbyszko declared that he would formally claim the world's heavyweight wrestling title for the gigantic Pole by the first day of September, in the event that Forestall continued to refuse to meet Zbyszko in a finish contest.

Forestall should either retire or come out and meet the best man in the game," said Herman. "Some people believe that Mahout is the best wrestler in the game. Zbyszko can defeat the Bulgarian at any time and any place. This is not saying that Mahout is not one of the greatest. Zbyszko is willing to meet Gutch under any conditions. We will wrestle winner take all, and will willingly submit to any conditions that the Iowa farmer will name."

"I am going to make one more effort to persuade Gutch to come out and wrestle Zbyszko. If Frank wants to remain out of the game, well and good, but when he wrestles some of the men that the public knows full well that Zbyszko can beat, and then shouts that he is through with the game when we come around, I think he is not showing the best sportsman'ship in the world."

Years ago—when Duluth beat St. Paul in one of the deciding games of the old Northwestern league, Jack Herman came up here on the special excursion train that was run from the Saintly City. At that time he was interested in the newspaper business in St. Paul.

Mr. Herman now lives in Buffalo. During his management of Zbyszko he has visited almost every country in the world. During the coming season he may take the big Pole to South America and India. A match will be made to India, a match will be made to India, a match will be made to India.

## FAST PLAY AT DATKA COURTS

Boat Club Tennis Tourney Is Producing Some Clever Contests.

Play in the first round of the tennis tournament of the boat club is progressing very rapidly. Some of the best tennis that has been seen on the local courts outside of a state court is being played. It is believed that the quality of play is higher than in the world. During the trip to date have been good and have brought out the fact that the boat club is developing some very fast men.

Brooker yesterday won from Toben, 6-2, 6-2, 6-4. Grady won from John-

son, 6-1, 6-0, and Dr. Gillette won from his medical opponent, "Doc" Winter, 6-3, 6-0. McMillan defeated Johnson.

Sometime during the day the draw for the doubles will be made and it is expected that play in the doubles will start tomorrow.

## WESTON TALKS ON CLAIMS OF RIVALS.

Stillwater, Minn., July 31.—Edward Payson Weston last night severely criticized some of the statements alleged to have been made by Debs, who recently arrived in Minneapolis on a pedestrian tour from New York. He also paid his respects to John L. Lewis, recently quoted as saying that he had at one time defeated Weston in a walking match in New York.

There is a fellow by the name of John Debs, who says he beat me walking in Madison Square Garden in 1878," he said. "While I hate to spoil his story, I was in Europe at that time."

Weston will remain here until 3 o'clock Friday morning, when he will walk the remaining ten miles to Minneapolis.

## COMISKEY ABANDONS TRIP TO DULUTH.

Minneapolis, July 31.—Charles A. Comiskey of the Chicago White Sox, who has been visiting here for the last three days, yesterday decided to abandon his proposed automobile trip to Duluth instead of leaving for the Head of the Lakes Mr. Comiskey left for Chicago.

## VIRGINIA MANAGER SENT TO HOSPITAL.

Grand Forks, N. D., July 31.—Edward Stewart, playing manager of the Virginia Baseball team in the Northern league, is in a Grand Forks hospital, threatened with an attack of pneumonia. Stewart had not been feeling well for several days and when he consulted a physician here yesterday, he was ordered to a hospital. When the team left Grand Forks, Harbridge, catcher, was in command as captain.

## BENTON'S SALARY WILL NOT BE PAID.

Cincinnati, Ohio, July 31.—President Hermann of the Cincinnati Baseball team said yesterday that Rube Benton, who was seriously injured while on a motorcycle collided with a street car, would not be allowed one penny of his salary and that the club would not stand any expenses while he is at the hospital. Mr. Hermann said that Benton had repeatedly requested Benton not to ride his cycle.

"The whole affair is an injustice to the club," Hermann said. "The injury to Benton means that we will have to get a pitcher or two and just now good pitchers are hard to get."

## FEW CHANGES IN FOOTBALL RULES.

New York, July 31.—The intercollegiate football rules committee yesterday, after a session of several hours, showed few changes in the gridiron code for the season of 1913. The majority of the alterations are technical and will have little effect upon the game.

The most important change is the rule which permits the kicker to stand at any distance from the line of scrimmage when of the line of scrimmage. Under the new rule, it is expected that quick kicking from directly behind the forwards will be a playing feature.

## AUTOMOBILE DRIVER SERIOUSLY INJURED.

Galveston, Texas, July 31.—Joseph Nikrent of Los Angeles, who was injured yesterday when his car plunged through a wire fence and was wrecked. He was taken to a hospital.

Louis A. Dabrow, driving a Simplex won the feature event of the race, a 300-mile sweepstakes, in 10 hours, 10 minutes and 10 seconds. His time for the 300 miles was 4:17:22.40.

## TO THE FISHERMEN.

The "South Shore" evening train of Saturdays and Sundays at Lake Millicent, Cusson and Delta. The west-bound morning train of Sundays and Mondays will stop at same points and pick you up. Low excursion fares authorized. Special Sunday morning train to Bibon and local points, returning in the evening. Leave Duluth 7:45 a. m., Superior 8:15 a. m., return to Duluth 9:40 p. m., Duluth 9:20 p. m. A golden opportunity for capturing the finny tribe.

## CITY PAYROLL IS CUT DOWN

Two Inspectors Resign and No Successors Will Be Appointed.

The health department payroll will be \$180 lighter after today, for a time at least.

The resignation of E. Sturm, assistant plumbing inspector, means a reduction of \$100 in the payroll for the month. He has been employed as a smoke inspector, who finishes his work today, takes down \$30 further. Patterson has been investigating the smoke nuisance in the city for three months. He has visited all heating and power establishments in the city and has collected a large amount of valuable data which has been turned over to the legal department. The latter includes ordinances and regulations of many municipalities and will be used in drafting a smoke ordinance for Duluth. Henceforth, instead of being under the safety division the smoke inspection department will become a part of the division of public affairs, of which Mayor Prince is the head.

Assistant Plumbing Inspector Sturm severs his connection with the health department today. He has been working for the city since early in the year, when the position was created in view of the city's financial condition. It is doubtful whether successors to either Sturm or Patterson will be appointed this year.

## NOT GUILTY PLEA OF DIGGS AND CAMINETTI

San Francisco, Cal., July 31.—Maury Diggs and Drew Caminetti pleaded not guilty before Judge Van Fleet in the United States district court yesterday to violation of the Mann act.

The charges are: First, that Diggs and Caminetti conspired to violate the act by transporting a woman, Warrington and Lola Norris from Sacramento, Cal., to Reno, Nev.; second, that they did so violate the act. Judge Van Fleet set Aug. 5 as the date for trying Diggs.

In addition Diggs is charged jointly with Charles J. Harris of Sacramento, by transporting a woman, Warrington and Lola Norris from Sacramento, Cal., to Reno, Nev.; second, that they did so violate the act. Judge Van Fleet set Aug. 5 as the date for trying Diggs.

## CLEAN VIEW OF PARADE

Autos Will Not Be Allowed to Stop on Superior Street.

Decorated Cars Will Assemble on London Road at 7:30.

Commissioner Hickson has taken action to make the auto parade scheduled for Saturday night a complete success, and his order to have clear curbs for the benefit of spectators is much appreciated by the committee having the last event of the Lark of the Lake series in charge.

Mr. Hickson has ordered that all vehicles—autos not in the parade, carriages, hacks, and delivery wagons—be kept off Superior street from about Third avenue east to Sixth avenue west during the parade. They must stand, if they remain stationary at all, on the avenues and leave the view for spectators from the curbs of Superior street unobscured.

Those who have tried to view a parade especially at night, by "rubbering" between the meager spaces left between standing autos, and between the masses of people who stand in the autos, will appreciate the action of the commissioner.

The judges of the parade, Mayor Prince, Commissioner Hickson, and one yet to be chosen, will be in an auto on Second avenue east to Superior street, and from there will pass judgment on the procession and the character of the decorations. The parade will be assembled at London road and Superior street, and it is announced that it will move at 8 o'clock sharp no matter how many or how few autos will have lined up by that time.

Drivers are requested to be on hand at 7:30 in order to have time to get their numbers and be registered.

Another prospective parade, which prospective contestants should bear in mind: There is only one guaranteed position, that being to Dr. J. D. Park, who will head the procession, driving his Locomobile with which he recently won the A. A. touring trophy in the run from the Twin Cities to Glacier Park, Mont. The doctor is also president of the Duluth Auto club. As for the other positions they will be assigned in order of arrival at the assembling point, so those desiring the most advantageous positions should see to it that they arrive early.

There seems to be no question but that the auto parade will be the parade, for the committee in charge has received an unusual number of formal acceptances, and it is known that many who have not taken the trouble to send acceptances, will simply show up with decorated cars or trucks and get into line. It is understood that the committee in charge will have the decorations already being prepared. The florists of the city are kept busy these days planning designs in preparation for the decorating of machines, the owners of which have given their word to the committee.

The parade and the Venetian carnival will be a spectacle of beauty the equal of which has never been seen at the Duluth of Lake Superior. The parade is counted on to bring the Lark of the Lake to a glorious finish.

## RESIGNS AS PROSECUTOR

James A. Wharton Will Be Succeeded By W. H. Gurnee.

Police Prosecutor James A. Wharton has tendered his resignation to City Attorney Harvey A. Clapp and will form a partnership with his son, James E. Wharton, who graduated this year from the law class of the University of Michigan.

The city attorney will appoint William H. Gurnee to succeed him. Attorney Gurnee was a candidate for special municipal judge at West Duluth at the city election.

Mr. Wharton has found that he could not afford to retain his position with the city, the remuneration of which is \$125 a month. Henceforth he will devote his time to his private practice, which was impossible so long as the police cases took up a big part of his time. At the same time he has been in charge at the municipal court. Attorney Wharton has made an excellent record.

## Monthly Statements

There is no manner of doubt that the Burroughs makes the best statement machine on the market today. It meets all the requirements of successful statement handling. It prints the months, dates; prints the dates, for instance, in red; gives you totals of credits and totals of debits; purchases and paid on accounts.

With a special statement carriage or with roll statements, either one, you can handle statements about three times as quickly as you can handle them by hand. We can prove it in your office.

## AGRICULTURAL AGENT CHOSEN

South St. Paul Man Will Probably Represent Carlton County.

Henry Plughoff, a graduate from the Wisconsin state agricultural school and for the past year principal of the South St. Paul agricultural high school, will probably be selected as county agricultural agent for Carlton county, according to A. B. Hostetter, agricultural expert in the employ of the Commercial club, who returned from Carlton yesterday.

Mr. Plughoff comes highly recommended, and his appointment is favored by the Carlton County Agricultural Society, an organization covering the entire county," said Mr. Hostetter yesterday. "The matter of his appointment will not be taken up with the superintendent, A. D. Wilson of the university extension work in agriculture by the county board on Sept. 10, county agent for St. Louis county."

## GIVE AWAY BEER.

Water Is Too Bad to Drink in Kansas Camp.

Pittsburg, Kan., July 31.—The water is so bad in Chapman, a mining camp near here, that beer is used in its place, and the people are so generous they give the substitute away. A Girard man, accused of selling "spiked cider, was freed on the theory that one man's word is as good as another's.

These incidents were brought out in Crawford county court.

Jack Filmore of Chapman was tried at Girard for violation of the prohibitory law. He said that in the interests of his health it was necessary to drink beer instead of water. He said he gave beer away to the thirsty. The jury decided to encourage his humanitarian impulses, and acquitted him.

George Coulter of Girard was alleged to have sold "cider plus," but he said he did not, and only one witness said he did. So Coulter went free.

## PENROSE ASKS AS TO ROMANIAN JEWS.
